# **Payment Policy** | Acupuncture and Dry Needling Services Medicare Advantage Plans

**EFFECTIVE DATE:** 01 | 01 | 2021

**POLICY LAST REVIEWED:** 11 | 05 | 2025

## **OVERVIEW**

This policy provides an overview of acupuncture for chronic low back pain (cLBP) and dry needling benefit for Medicare Advantage Plans.

Effective January 1, 2026, all *non-covered* acupuncture services are no longer covered for *individual* Medicare Advantage plans (i.e. dry needling)

#### **MEDICAL CRITERIA**

Not applicable

#### **PRIOR AUTHORIZATION**

Not applicable

#### **POLICY STATEMENT**

## Medicare Advantage Plans

Acupuncture and an initial evaluation (for a new patient) are covered when rendered by a licensed provider\* for a covered indication.

\*Licensed doctor of acupuncture (D. Ac.) or physician (MD or DO) may furnish acupuncture in accordance with applicable state requirements. Physician assistants (PAs), nurse practitioners (NPs)/clinical nurse specialists (CNSs), and auxiliary personnel may furnish acupuncture if they meet all applicable state requirements and have:

- A master's or doctoral level degree in acupuncture or Oriental Medicine from a school accredited by the Accreditation Commission on Acupuncture and Oriental Medicine (ACAOM); and,
- A current, full, active, and unrestricted license to practice acupuncture in a State, Territory, or Commonwealth (i.e., Puerto Rico) of the United States or District of Columbia.

An initial evaluation (99202-99205) is allowed only for new patients.

## Acupuncture for Chronic Low Back Pain

Up to 20 acupuncture or dry needling visits are covered for chronic low back pain (cLBP). For this benefit per Centers for Medicare and Medicaid (CMS); chronic low back pain is defined as:

- lasting 12 weeks or longer; nonspecific, in that it has no identifiable systemic cause (i.e., not associated with metastatic, inflammatory, infectious, etc. disease);
- not associated with surgery.
- not associated with pregnancy.

Services greater than 20 treatments administered annually are not covered.

Acupuncture for all other indications are no longer covered for *individual* Medicare Advantage Plans effective January 1, 2026; this includes:

#### Dry Needling

Dry Needling, for any condition other than chronic low back pain, is not covered.

In addition, the following services are not covered:

- adjunctive therapies, such as but not limited to moxibustion, herbs, oriental massage, etc.;
- acupuncture when used as an anesthetic during a surgical procedure;
- precious metal needles (e.g., gold, silver, etc.);
- acupuncture in lieu of anesthesia;
- any other service not specifically listed as a covered service.

#### **COVERAGE**

# Medicare Advantage Plans

Acupuncture is a covered service for Medicare Advantage members/products only when the diagnosis is related to cLBP for *individual* Medicare Advantage plans. Please refer to the member's Evidence of Coverage for applicable acupuncture benefits/coverage.

### **BACKGROUND**

Acupuncture is the selection and manipulation of specific acupuncture points through the insertion of needles or "needling," or other "non-needling" techniques focused on these points. There are several variations to traditional acupuncture including shallow needling, intradermal needling, or intramuscular needling with or without a sensation of numbness, tingling, electrical sensation, fullness, distension, soreness, warmth or itching felt by a patient around an acupuncture point. Acupuncturists may additionally seek a sensation of tenseness or dragging to the needles obtained by twirling, plucking, or thrusting of acupuncture needles.

#### **CODING**

# Medicare Advantage Plans

Local providers in the Acupuncture Specialty may submit acupuncture services for consideration that are found in this policy.

## Chronic Low Back Pain

The following CPT codes are covered according to the members' benefit when filed with a covered diagnosis. **CPT Codes** 

- **97810** Acupuncture, 1 or more needles; *without* electrical stimulation, initial 15 minutes of personal one-on-one contact with the patient
- **97811** Acupuncture, 1 or more needles; without electrical stimulation, each additional 15 minutes of personal one-on-one contact with the patient, with re-insertion of needle(s)
- **97813** Acupuncture, 1 or more needles; *with* electrical stimulation, initial 15 minutes of personal one-on-one contact with the patient
- **97814** Acupuncture, 1 or more needles; with electrical stimulation, each additional 15 minutes of personal one-on-one contact with the patient, with re-insertion of needle(s)

For covered diagnoses, please refer to link below:

# Low Back Pain covered diagnoses

**All other indications other than Chronic Low Back Pain** effective January 1, 2026, are no longer covered for members with *individual* Medicare Advantage plans.

Effective January 1, 2026, the following services are no longer covered for members with *individual* Medicare Advantage plans:

## Dry Needling

**20560** Needle insertion(s) without injection(s); 1 or 2 muscle(s) **20561** Needle insertion(s) without injection(s); 3 or more muscles

Effective January 1, 2026, the following E&M services are no longer covered for members with *individual* Medicare Advantage plans:

**Evaluation and Management Services** The following codes are covered according to the members' specialist benefit when filed according to guidelines in the policy statement:

Evaluation and Management CPT codes are only used for separate identifiable procedures. 99202 Office or other outpatient visit for the evaluation and management of a new patient 99203 Office or other outpatient visit for the evaluation and management of a new patient 99204 Office or other outpatient visit for the evaluation and management of a new patient 99205 Office or other outpatient visit for the evaluation and management of a new patient

<u>Note:</u> An initial evaluation (99202-99205) is allowed only for new patients. According to CPT guidelines, a new patient is one who has not received any professional services from the physician within the past three years.

**99211** Office or other outpatient visit for the evaluation and management of an established patient, that may not require the presence of a physician or other qualified health care professional

99212 Office or other outpatient visit for the evaluation and management of an established patient

99213 Office or other outpatient visit for the evaluation and management of an established patient

99214 Office or other outpatient visit for the evaluation and management of an established patient

99215 Office or other outpatient visit for the evaluation and management of an established patient

**Note:** An E&M service and the acupuncture service(s) CPT Codes **97810**, **97811** when charged on the same day, the E&M is not covered. These acupuncture codes include pre-service, intra-service and post-service evaluation and management for the typical following factors of history, evaluation, management, and chart documentation done as part of the overall daily treatment.

**Note:** An E&M service and the acupuncture service(s) CPT Codes **97813**, **97814** when charged on the same day, the E&M is covered providing the E&M service meets the definition for use of Modifier -25 (significant, separately identifiable E&M on the same day).
