	BCBSRI will transfer data to Client/Vendor	
	PGP will be used to encrypt the data prior to transmission (N/A for 837 x12 Files)  the time only	
	S,	
1		
-		

Approximate size of file in MB: N/A	
Additional Information:	

Section 5 Select Connectivity Mode	
Secure FTP	HTTPS
Production/Partner System	Production/Partner System
SFTP Preferred	HTTPS Preferred
DNS name: bluegateway.bcbsri.com	DNS name: https://bluegateway.bcbsri.com
IP Address: 20.62.86.171	IP Address: 20.62.86.171
Port/Protocol: SSH (TCP-22)	Port/Protocol: (TCP-443)

## **Additional Information**

For Inbound SFTP file transfers the vendor is required to provide BCBSRI the public key that will be used with the login provided by BCBSRI.

For Inbound web browser access BCBSRI will provide the vendor a certificate that they will need to import into their web browser.

Preferred Algorithm SSH Public Key - RSA/2048

52.177.166.114 and 40.65.245.201 are the BCBSRI outbound IP addresses which must be whitelisted by vendors who only allow known IP addresses to connect.

BCBSRI prefers to have the following naming convention for all files.

Region\_OriginatorDescripton\_SubmitterId\_834\_YYYYMMDD\_HHMMSS

Section 6	HCL Tech Contact Information	
Group Name:	SI Admin	
E-Mail Address:	si-admin-team@bcbsri.org	
After hours contact procedure: BCBSRI Service Desk, 401-751-1673 or 1-855-721-4211		
<b>NOTE</b> : The normal change control window for implementing firewall changes is Tuesday and Thursday after 5:30pm. Minimum two days advanced notice for scheduling/approval is required.		

## Section 7 BCBSRI Internal information for Setup (Should be provided by department at BCBSRI sponsoring this transfer)

- Department sponsoring this transfer
- From where to pick the outbound files to move to mailbox or to send to user (Example: Datastage server, JCAPs server, H Drive etc)
- Will this include TEST or PROD or both files
- Interested party email id's who will be receiving notifications for file transfer success or failure
- Any other special request.
