POLICY STATEMENT
Compression Garments/stockings are covered when ordered by a physician and obtained from a durable medical equipment provider.

Note: A member may be dispensed 8 compression stockings or 4 pairs per 12 months. For all other items, we follow Center for Medicare and Medicaid Services (CMS) maximum units (MUE) guidelines.

Over the counter (OTC) support hose/stockings/ garments (e.g., medical support hose, fabric supports, elastic stockings with no degree of pressure, surgical leggings) are not covered and are member liability.

COVERAGE
Benefits may vary between groups and contracts. Please refer to the appropriate Benefit Booklet, Evidence of Coverage or Subscriber Agreement for applicable durable medical equipment benefits/coverage.

BACKGROUND
A compression garment (stocking/burn garment/gradient pressure aid garment/sleeve) is a typically fitted elastic support garment that is fabricated to apply varying pressure gradients to an area. These garments are considered Durable Medical Equipment (DME). They work by relieving stress on vein walls, restoring venous hemodynamics by aiding muscle pump function, decreasing vein reflux, increasing tissue pressures that lead to decreased edema, stimulate circulation, and are also used in varying the treatment of burn patients. Compression stockings/garments require fitting and measuring by a specially trained individual and require a physician order.

Advancements in technology allow many of the compression garments to be now be pre-made. Very few need to be custom made unless the degree of gradient pressure is one that cannot be provided in a pre-made garment. This type of order can take six to eight weeks. Please note pre-made stockings are not the same as over-the-counter stockings.

Compression stockings over the counter are a lower grade compression and may not be graduated. Prescription stockings are graduated (pressure decreases from ankle up) and are of specific grades of compression. Higher pressure stockings require a prescription and a trained fitter. These higher pressures range typically are from 20-30 mmHg to 50+ mmHg.

The following HCPCS codes are covered when filed by a DME providers.

Note: these codes are covered but not separately reimbursed when dispensed by a physician office or an institutional provider

A6501 Compression burn garment, bodysuit (head to foot), custom fabricated
A6502 Compression burn garment, chin strap, custom fabricated
A6503 Compression burn garment, facial hood, custom fabricated
A6504 Compression burn garment, glove to wrist, custom fabricated
A6505 Compression burn garment, glove to elbow, custom fabricated
A6506 Compression burn garment, glove to axilla, custom fabricated
A6507 Compression burn garment, foot to knee length, custom fabricated
A6508 Compression burn garment, foot to thigh length, custom fabricated
A6509 Compression burn garment, upper trunk to waist including arm openings (vest), custom fabricated
A6510 Compression burn garment, trunk, including arms down to leg openings (leotard), custom fabricated
A6511 Compression burn garment, lower trunk including leg openings (panty), custom fabricated
A6512 Compression burn garment, not otherwise classified
A6513 Compression burn mask, face and/or neck, plastic or equal, custom fabricated
A6530 Gradient compression stocking, below knee, 18-30 mm Hg, each
A6531 Gradient compression stocking, below knee, 30-40 mm Hg, each
A6532 Gradient compression stocking, below knee, 40-50 mm Hg, each
A6533 Gradient compression stocking, thigh length, 18-30 mm Hg, each
A6534 Gradient compression stocking, thigh length, 30-40 mm Hg, each
A6535 Gradient compression stocking, thigh length, 40-50 mm Hg, each
A6536 Gradient compression stocking, full length/chap style, 18-30 mm Hg, each
A6537 Gradient compression stocking, full length/chap style, 30-40 mm Hg, each
A6538 Gradient compression stocking, full length/chap style, 40-50 mm Hg, each
A6539 Gradient compression stocking, waist length, 18-30 mm Hg, each
A6540 Gradient compression stocking, waist length, 30-40 mm Hg, each
A6541 Gradient compression stocking, waist length, 40-50 mm Hg, each
A6543 Gradient compression stocking, lymphedema
A6544 Gradient compression stocking, garter belt
A6549 Gradient compression stocking, not otherwise specified (code requires submission of invoice for payment)
S8420 Gradient pressure aid (sleeve and glove combination), custom made
S8421 Gradient pressure aid (sleeve and glove combination), ready made
S8422 Gradient pressure aid (sleeve), custom made, medium weight
S8423 Gradient pressure aid (sleeve), custom made, heavy weight
S8424 Gradient pressure aid (sleeve), ready made
S8425 Gradient pressure aid (glove), custom made, medium weight
S8426 Gradient pressure aid (glove), custom made, heavy weight
S8427 Gradient pressure aid (glove), ready made
S8428 Gradient pressure aid (gauntlet), ready made
