

## Payment Policy | Temporary Coronavirus (COVID-19) Laboratory Testing

**EFFECTIVE DATE:** 03|06|2020

**POLICY LAST UPDATED:** 03|17|2020

### OVERVIEW

Diagnostic laboratory testing related to COVID-19 is covered by Blue Cross & Blue Shield of Rhode Island (BCBSRI) under the members laboratory benefit for those members that meet the United States Centers for Disease Control and Prevention (CDC) guidelines/indications for testing.

During the time-period of heightened concern over the COVID-19 outbreak, BCBSRI has determined that it will temporarily waive cost-share (e.g. co-pays and/or deductibles) for the laboratory test(s) that are used to screen/test for COVID-19.

This policy applies to BCBSRI participating providers, including, but not limited to the Rhode Department of Health Laboratory as well as non-participating or Out-of-Network providers with BCBSRI. However, providers should refer to an in-network laboratory when possible.

BCBSRI reserves the right to implement and revoke this policy and/or make a change to the waiver of member cost share without the contractual sixty-day (60) notification for a change in policy that is normally required under BCBSRI contracts with its providers. This would apply both for the effective date, due to the urgent and emergent nature of a pandemic, as well as for the withdrawal of the policy.

**Notice of the implementation and withdrawal of this policy will only be communicated to BCBSRI providers via a notice on BCBSRI's provider website/portal under Alerts and Updates.**

### POLICY STATEMENT

#### BlueCHiP for Medicare and Commercials Products

During the time period of heightened concern over the COVID-19 outbreak, BCBSRI will temporarily waive cost share for diagnostic laboratory testing related to COVID-19 (see Coding Section for applicable HCPCS codes) when the following criteria are met:

- Testing is consistent with and members meet the guidelines set forth by the United States Centers for Disease Control and Prevention (CDC), and
- Testing must be processed by an FDA-approved lab.

#### BCBSRI Cost Share Waiver

BCBSRI will waive all member cost share for BCBSRI members for laboratory testing related to COVID-19 as outlined in this policy. Providers should NOT collect cost share from a member in accordance with this policy.

### COVERAGE

Benefits may vary between groups and contracts. Please refer to the appropriate Benefit Booklet, Evidence of Coverage, or Subscriber Agreement for applicable laboratory services benefits/coverage.

### BACKGROUND

Centers for Medicare and Medicaid Services (CMS) has developed Healthcare Common Procedure Coding System (HCPCS) billing codes, U0001 and U0002 to bill for tests and track new cases of the virus. Code U0001 may be used for CDC testing laboratories. Code U0002 may be used for tests established by laboratories that develop their own validated COVID-19 diagnostics when submitting claims to Medicare or health insurers.

Effective March 13, 2020, the American Medical Association (AMA) created a new CPT (Current Procedural Terminology) code, 87635, that will streamline coronavirus testing offered by hospitals, health systems and laboratories in the United States. It is intended as industry standard for reporting of novel coronavirus tests across the nation's health care system.

## **CODING**

This medical policy is made available to you for informational purposes only. It is not a guarantee of payment or a substitute for your medical judgment in the treatment of your patients. Benefits and eligibility are determined by the member's subscriber agreement or member certificate and/or the employer agreement, and those documents will supersede the provisions of this medical policy. For information on member-specific benefits, call the provider call center. If you provide services to a member which are determined to not be medically necessary (or in some cases medically necessary services which are non-covered benefits), you may not charge the member for the services unless you have informed the member and they have agreed in writing in advance to continue with the treatment at their own expense. Please refer to your participation agreement(s) for the applicable provisions. This policy is current at the time of publication; however, medical practices, technology, and knowledge are constantly changing. BCBSRI reserves the right to review and revise this policy for any reason and at any time, with or without notice.
