

The Blue Difference

2026 Medicare Advantage Coverage and Benefits

Blue Cross Blue Shield of Rhode Island

WELCOME
to the Blue Difference

With so much uncertainty these days, it's nice to know there are still things you can count on.

For more than 85 years, Blue Cross & Blue Shield of Rhode Island (BCBSRI) has been offering quality health coverage designed to help Rhode Islanders stay healthy, active, and independent. You can count on our Medicare Advantage plans to provide the services and support you value most—like an extensive provider network; prescription drug coverage; dental, vision, and hearing coverage; fitness options; and more. Plus, our helpful, local customer service, specialized clinical programs, and easy-to-use tools and resources make it even easier to get the care you need.

And while we've had to adjust our 2026 Medicare Advantage plans due to ongoing healthcare cost increases, your health and well-being is—and always will be—our top priority.

Built for Rhode Islanders by Rhode Islanders, BCBSRI is committed to delivering quality health coverage and real healthcare value. You can count on it.

Why are BCBSRI Medicare Advantage plans the most popular in the state?[1] Lots of reasons:

- An expansive provider network, including **12,000** providers and **ALL** Rhode Island hospitals
- **$0** copays for annual wellness visits and preventive screenings
- **$0** preventive dental coverage
- **$0** annual vision and hearing exams, plus an allowance for eyewear
- **$0** copays on many generic drugs (plus no deductible for most generics)
- Fitness center membership starting at **$0**
- Point of service (POS) benefit for **out-of-state flexibility***

BlueCHiP for Medicare (HMO-POS):

Count on dependable, quality health coverage

With a wide range of coverage and benefits, we have options for all Medicare-eligible Rhode Islanders.[2] Plus, all of our HMO-POS plans include:

$0 preventive services

You'll have no copays for your annual physical exam, wellness visit, preventive screenings, and vaccinations.

$0 routine dental, vision, and hearing coverage

An annual dental exam, X-rays, and two cleanings per year are included with all plans, along with annual routine hearing and vision exams and an allowance for eyewear.

Fitness center membership, starting at $0

Pay as little as $0 for a monthly membership at popular fitness centers across the state, depending on the facility you choose.

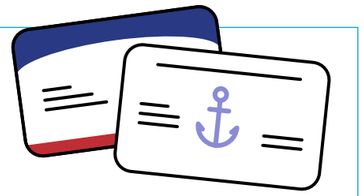

*There could be a cost share associated with specific fitness centers in 2026. Fitness benefit includes membership at **only one fitness center per month**.* *See page 14 for details.*

Point of Service (POS)

12,000 providers and **ALL Rhode Island hospitals** are included in our local network, but with your POS benefit, you can also receive services from providers and hospitals out of state—for added flexibility and peace of mind.

Eligible for Medicaid + Medicare?

BlueRI for Duals (HMO D-SNP) may be the best plan for you.

Count on a plan that fits you

Consider your total cost of care

When choosing a Medicare Advantage plan, it's important to consider all of your out-of-pocket expenses—your total cost of care.

All of our plans cover many services at $0. However, there are differences among plans when it comes to cost shares, drug coverage, and deductibles.

You might discover that a plan with a higher premium and lower out-of-pocket maximum covers more—and costs you less—overall. Similarly, a plan that costs less upfront will likely have higher out-of-pocket costs. Consider how much risk you are comfortable with as you consider your options.

Meet **David**

David has always been healthy. Other than an annual well visit and routine dental and eye care, he rarely needs a doctor.

David is on a very tight budget and is only concerned with preventive care.

A plan with a $0 monthly premium works now. He knows he'll have a medical deductible to meet and is willing to take the risk to pay more out of pocket if and when he does need care.

Based on his needs and risk tolerance, David enrolls in BlueCHiP for Medicare Essential.

BlueCHiP for Medicare **Essential**
Monthly premium: **$0**
Out-of-pocket max (in-network): **$6,750**
Out-of-pocket max (out-of-network): **$15,000**
Outpatient surgery (ASC/hospital): **$0-$450/$550 after deductible**
Inpatient hospitalization: **$458** per day (days 1-6)
Dental benefit max: **$500**
Dental fillings, root canals, oral surgery: **Not included**
Eyewear allowance: **$100**
Over-the counter (OTC) allowance: **Not included**

Meet **Marie**

Marie has a chronic health condition that requires several medications and regular visits to a specialist. She wears glasses but has no other vision issues. She does, however, need dental work—and knows how expensive it can be.

Marie wants a monthly premium she can manage, reasonable copays for specialists, $0 options for her Tier 2 drugs, and higher dental care and eyewear allowances.

Based on her needs and risk tolerance, Marie chooses BlueCHiP for Medicare Enhanced.

BlueCHiP for Medicare **Enhanced**
Monthly premium: **$35**
Out-of-pocket max (in-network): **$5,750**
Out-of-pocket max (out-of-network): **$10,000**
Outpatient surgery (ASC/hospital): **$0-$350/$450**
Inpatient hospitalization: **$400** per day (days 1-6)
Dental benefit max: **$2,000**
Dental fillings, root canals, oral surgery: **$0**
Eyewear allowance: **$200**
Over-the counter (OTC) allowance: **$25/quarter**

Meet **Lou**

Lou has a heart condition, takes several prescription medications, and sees a specialist regularly. He's also due for dental work.

Lou expects to use a lot of healthcare services next year—and he doesn't like surprises. Lower copays and a lower out-of-pocket maximum, even if it means his monthly premiums are higher, brings him peace of mind. And Extra's dental benefit maximum and coverage for crowns makes him smile.

Based on his need and risk tolerance, Lou chooses BlueCHiP for Medicare Extra.

BlueCHiP for Medicare **Extra**
Monthly premium: **$143**
Out-of-pocket max (in-network): **$5,000**
Out-of-pocket max (out-of-network): **$7,500**
Outpatient surgery (ASC/hospital): **$0-$300/$400**
Inpatient hospitalization: **$325** per day (days 1-6)
Dental benefit max: **$2,500**
Dental fillings, root canals, oral surgery: **$0**
Eyewear allowance: **$300**
Over-the counter (OTC) allowance: **$40/quarter**

There's a lot to think about. We're here to help.

We created David, Marie, and Lou to show how members might use BlueCHiP for Medicare coverage and benefits. Other members may have different needs.

If you need health coverage but don't need Part D (prescription drugs) because you have creditable coverage elsewhere—if you're a veteran of the U.S. military with drug coverage through the VA, for example—our BlueCHiP for Medicare Core (HMO) plan could be an option. Core does not include a point of service (POS) benefit so there is no out-of-network coverage.

Next:
Dental, vision, and hearing

Count on coverage for whole-body health

Taking care of your teeth and gums, vision, and hearing is important—even more so if you also have a chronic health issue. That's why every BlueCHiP for Medicare plan includes:

- ✓ **$0** preventive dental care (two cleanings/year plus one annual exam and X-rays)
- ✓ **$0** routine vision exam and an eyewear allowance
- ✓ **$0** routine hearing exam

Dental

Oral health is linked to overall health. Our national network gives you access to **more than 55,000 dentists** across the country—**including 9 out of 10 dentists here in Rhode Island**—so you'll have plenty of quality options when it comes to getting the care you need.

	Annual exam; 2 cleanings; X-rays	Root canals; periodontal services	Crowns	Annual benefit maximum
Essential (HMO-POS)	✓	--	--	**$500**
Enhanced (HMO-POS)	✓	✓	--	**$2,000**
Extra (HMO-POS)	✓	✓	✓	**$2,500**

Vision

You only get one pair of eyes—we'll help you take care of them. Your **annual $0 exam** can help you avoid vision impairment or get the diagnosis you need to treat it.

Need glasses and contacts? We've partnered with EyeMed[3] to offer convenient and affordable shopping options for glasses and contacts at local independent providers, national retailers, and online. Get $100 or more, depending on your plan, for eyewear and enjoy additional savings when you buy from an EyeMed provider.

Allowance for glasses & contacts	
Essential (HMO-POS)	**$100**
Enhanced (HMO-POS)	**$200**
Extra (HMO-POS)	**$300**

If you prefer to shop at an out-of-network licensed provider, there's an easy reimbursement process.

Your EyeMed benefit is for hardware (glasses and contact lenses) only. Vision coverage (eye exams, etc.) is through BCBSRI.

Hearing

Taking care of your hearing can help you stay safe by avoiding dizziness and falls. It can also help you follow conversations more closely.

All plans include a **$0 annual exam** (in person or online), and some plans include discounted hearing aid options from top brands.[4]

Hearing aid copay per ear	
Essential (HMO-POS)	--
Enhanced (HMO-POS)	**$300-$1,775**
Extra (HMO-POS)	**$200-$1,675**

Next: The Flexible Benefit Card

Count on savings for everyday items

Both BlueCHiP for Medicare Enhanced and Extra include a quarterly over-the-counter (OTC) allowance that's loaded onto your Flexible Benefit Card.

Use your quarterly funds to buy the everyday health and wellness items you need—what you choose is up to you![5]

OTC allowances	
Essential (HMO-POS)	--
Enhanced (HMO-POS)	**$25/quarter**
Extra (HMO-POS)	**$40/quarter**

Here are just a few things you can buy with your OTC Allowance:

- Allergy tablets
- Antacids
- Bandages and first aid supplies
- Cold and flu meds
- Compression socks
- Disposable wipes
- Pain relievers
- Sunscreen and aloe vera cream
- Toothpaste, floss, and mouthwash
- Vitamins and supplements

Next: Prescription drug coverage

Count on reliable prescription drug coverage

Getting the medications you need should be a straightforward experience with no surprises. We've negotiated prices on your behalf so you know what to expect. And we're here throughout the process to answer any questions that may come up.

Rx changes for 2026: pharmacy deductible

It's no secret that prescription drug costs have skyrocketed over the past few years. To help balance these high costs with access to the medications you rely on most, we've added pharmacy deductibles to all BlueCHiP for Medicare plans that include prescription drug coverage.

The deductible applies to all drugs in Tiers 3-5. It does not apply to generic medications in Tiers 1 and 2.

How your deductible works

Your pharmacy deductible is the total amount you pay for your medications before the plan starts to pay its share. The deductible applies to all drugs in Tiers 3-5 (brand name, specialty, and generic). There is no deductible for generic drugs in Tiers 1 and 2. Your monthly Explanation of Benefits (EOB) can help you track your progress toward meeting your pharmacy deductible.

You can also monitor where you are in your deductible online through your myBCBSRI account.

How cost sharing works

Cost sharing refers to the portion of the cost you pay for a prescription or healthcare after you've reached your deductible.

Here's a pharmacy example: Your medication costs $100. You have BlueCHiP for Medicare Enhanced and your Tier 3 (preferred brand) coinsurance is 25%. Once you've reached your pharmacy deductible, you would pay $25 for your medication and your BlueCHiP for Medicare plan would pay $75.

Count on preventive care and chronic condition support

Our BlueCHiP for Medicare plans are designed to help you live your healthiest life. If you have a chronic or complex health issue, you'll have access to $0 programs and services to help support your day-to-day needs.

$0 PCP visits

Your relationship with your PCP is the cornerstone of your healthcare experience—cost shouldn't be a barrier. (Essential members must meet their deductible first.)

$0 annual well visit

Use this important visit to discuss any health concerns, review your medical history, obtain referrals to specialists, and get guidance from your PCP—all for $0 in-network.

$0 health screenings

Preventive cancer screenings—including colonoscopies, mammograms, and prostate exams—as well as osteoporosis screenings are available at no cost when you see an in-network provider.

$0 vaccinations

Our plans cover many vaccinations with no copay, including shingles, pneumonia, RSV, flu, and COVID-19.

$0 dietitian visits and nutrition services

Nutritional needs can change over time. Make a no-cost appointment with a participating registered dietitian to discuss your needs and goals.

$0 Preferred mail order pharmacy drugs

Save time and money by signing up for mail order prescriptions. Pay $0 for a 100-day supply of many generic drugs in Tiers 1 and 2—with discounts on others—and have them delivered.

Next: Plan 65

COUNT ON PEACE OF MIND, NOW AND IN THE FUTURE

Your coverage needs may change over time—and knowing that you have options provides valuable peace of mind.

You have the right to switch from a Medicare Advantage plan to an available Plan 65 Supplement plan during the Annual Enrollment Period (AEP).[9]

If you choose to move to Plan 65, please note that you'll need to add separate dental and prescription drug coverage.
