

2015 BlueCHiP for Medicare Patient-Centered Medical Home (PCMH) Provider Listing

What is a PCMH and how do I find one?

Anyone can go to a PCMH for primary care. It may have the word “home” in the name, but it’s not a nursing home—patient-centered medical homes (PCMHs) are primary care practices that offer an extra level of care. This approach to care creates a hub or medical “home” where patients can receive collaborative and coordinated care from a team of doctors, nurses, nutritionists, and other healthcare professionals. It’s easy to find a PCMH in the BCBSRI network on BCBSRI.com/Medicare:

1. Click on **FIND A DOCTOR** at the top of the page.
2. Enter your search criteria.
3. PCMH providers will have this icon next to their name: 

This list is current as of September 2014 and is not a complete list of our providers. For a complete listing or other questions, please contact the **BlueCHIP for Medicare Concierge Team at 1-800-267-0439. TTY/TDD: 711.**
