Consumer Disclosure

CONSUMER'S RIGHT TO KNOW ABOUT HEALTH PLANS

BLUECHIP FOR HEALTHY OPTIONS

Effective Date of Disclosure: January 1, 2012

THE HEALTH CARE ACCESSIBILITY AND QUALITY ASSURANCE ACT

WHY ARE YOU GETTING THIS INFORMATION?

- Knowing how Health Plans work helps you to be a better consumer.
- Meets State Law requiring Health Plans to disclose information.
- Provides information about your specific Health Plan.
- Informs you that a comprehensive list of all participating providers is available to you on the Health Plan Web Site (Hard copies available on request.)

Another document, the *Consumer's Guide to Health Plans in Rhode Island*, gives general information about health plans, including standard definitions of common terms, and is available upon request from Health Plan representatives. This document can also be found on the RI Department of Health Web Site, <http://www.healthri.org/>.

This Consumer Disclosure has been reviewed and approved by the Rhode Island Department of Health in accordance with R23-17.13 (Rules and Regulations for Certifying Health Plans). Requests for more information about Health Plan certification or consumer rights may be addressed to:

Rhode Island Department of Health, Division of Health Services Regulation, 3 Capitol Hill, Providence, RI 02908-5097, Phone: 401 222-6015.

Q Who can I contact at the Health Plan for information? Representatives of this Health Plan are available to help you get the information you need. You can contact a Health Plan representative at:

A

Blue Cross & Blue Shield of Rhode Island
Customer Service Department
500 Exchange Street
Providence, RI 02903 - 2699

From outside RI: 1-800-639-2227; From inside RI: 401-459-5000; Fax: 401-459-2006; TDD1-888-252-5051; Internet: www.BCBSRI.com. Para contactar a un representante que hable Español, llame a: Departamento de Servicios Para Miembros 1-800-639-2227. These phone numbers may be used to confirm the status of any provider, receive administrative or appeal process information, file a complaint, or receive timely access information.

Q How does the Health Plan review and approve covered services? A Health Plan may review covered services that are recommended by providers to decide if the services are medically necessary. If the plan decides the service is not medically necessary, it will not pay. You and your provider can appeal the Health Plan's decision. For more information about appeals see the Consumer's Guide to Health Plans in Rhode Island.

A

With the Advantage level of benefits, all services must be coordinated through your personal primary care physician. With the Advantage and Basic levels of benefits, BCBSRI pays only for services that are medically necessary.

We may review medical necessity before, during, or after the receipt of services. We may examine any required documents (i.e., medical records, reports) to determine if services:

- are medically necessary, appropriate and effective;
- are not primarily for the convenience of the member or the member's family;
- appropriate with regard to generally accepted standards of medical practice;
- the most appropriate which can safely be provided to the member, i.e. no less expensive professionally acceptable alternative is available.

We contract with a separate certified review agent who reviews and approves covered mental health and substance abuse services.

You may appeal any review decision within one hundred and eighty (180) days of receipt of the determination. We will review your appeal and respond to you within fifteen (15) days of receipt of all necessary information. If your appeal is denied, you may request an external appeal. An external appeal is performed by an agency that is not affiliated with us.

Q What if I have an emergency? An emergency is a problem that needs to be addressed by a provider "right-away" to prevent permanent damage or death. Here's what this Health Plan wants you to do when you have an emergency health care problem, at home or out of state.

A

If you have an emergency:

- **Go** to the nearest hospital emergency room within twenty-four hours of the emergency.
- **Call** your regular doctor as soon as possible after your emergency room visit to arrange any required follow-up care.
- **Notify** the plan within 24 hours or as soon as reasonably possible if you are admitted from the emergency room to a non-network hospital.

Q What if I refuse a referral to a participating provider? (a doctor, nurse, or other health professional in your Health Plan's network) (not applicable to single service Health Plans) When a specific covered service is recommended, Health Plans may send you to certain participating providers. If you refuse the referral and get the service from another provider, the Health Plan must tell you what effect it will have on payment.

A

With the Advantage level of benefits, if you receive a medically necessary covered service without referral from your personal physician or receive care from a non-participating provider, you will pay all of your health care costs. With the Basic level of benefits, you may seek care without referral from a network of participating hospitals, primary care doctors, and specialists and receive coverage for eligible services less any deductibles, and/or copayments. If you seek care from a non-participating provider, you will pay all of your health care costs.

Q Does the Health Plan require that I get a second opinion for any services? What if I want a second opinion? In some cases the Health Plan may require a second opinion before it will pay for a covered service. Or you may just want a second opinion on a plan for diagnosis or treatment.

A

This Health Plan does not require you to get a second opinion.

However, if you want a second opinion, you need to call BCBSRI for approval. A network physician or one designated by us must provide the second opinion.

Q How does the Health Plan make sure that my personal health information is protected and kept confidential? In general, personal health information must be kept confidential (private) by a Health Plan, its employees and agencies it contracts with. Here's how the Health Plan makes sure that personal health information is protected.

A

We will release information about your health, treatment, or condition to authorized doctors, health care providers, facilities, vendors, and insurers to coordinate your benefits and process claims. Access to personally identifiable information is limited to persons who need to know. Our employees are instructed to keep such information confidential and sign a statement promising to do so. Violation of a member's confidentiality or privacy rights is grounds for immediate employment termination.

Q How am I protected from discrimination? You have the right to be treated fairly and equally. Health Plans may not discriminate against you due to age, sex, religion, race or ethnic origin, disability, occupational status or any other characteristics protected by law.

A

You have the right to receive impartial treatment. You have the right to receive all treatment that is a covered benefit and that is determined by the health plan to be medically necessary regardless of your age, cultural background, disability, financial status, gender, national origin, occupational status, race, religion, sexual orientation, or membership in other protected groups.

Q If I refuse treatment, will it affect my future treatment? If you refuse to be treated for any condition, your Health Plan must tell you what effect your decision will have on future coverage.

A

This Health Plan does not restrict your right to refuse treatment. You may refuse treatment at your discretion and it will not affect your access to future treatment, your coverage, or payment for services.

Q How does the health plan pay providers? Your Health Plan must tell you about the kinds of financial arrangements it has with providers.

A

This Health Plan may include a capitated reimbursement arrangement or other similar risk sharing arrangement and other financial arrangements with a provider.

Q How is my health insurance coverage renewed or canceled?

A

This group Plan renews automatically on its calendar anniversary unless you or your employer chooses another plan. Coverage may be canceled if the membership premiums are not paid, if we discontinue the product, if you cease being eligible, you move outside the service area, or if you commit fraud, behave abusively in a doctor's office, or impair a doctor's ability to work.

Q **If I am covered by two or more Health Plans, what should I do?** If you or a family member are covered by two or more Health Plans, you may have to give information on your coverage to each Health Plan. This helps the Health Plans to arrange payments between the plans when you or a family member receive a service. Here's what this plan will ask you to tell them.

A

This Health Plan will ask if you are the main subscriber or a dependent, your marital status, birth date (for you/your spouse), length of time covered; if you are a Medicare beneficiary; if you are an active or inactive employee; and if a covered dependent is a student. We may also ask for other information needed to coordinate payments.

Health Benefits Required Under Rhode Island Law as of September 2000:

Health Maintenance Organizations (HMOs) and health insurers in Rhode Island are required by State law to provide enrollees with coverage for certain kinds of health care services. These laws do not apply to Medicare, Medicaid, ERISA self-funded plans or supplemental (e.g. Medigap) or single disease (e.g. Cancer coverage) health insurance policies (check with your workplace benefits administrator). These mandated benefits (see summary list in Consumer's Guide to Health Plans in RI) often apply only under certain circumstances, may be limited to participating providers, and are not always covered in full--other conditions and restrictions not mentioned here may apply. For more information about specific mandated benefits, contact your Health Plan representative or the Rhode Island Department of Business Regulation at 401-222-2223.

Covered Services at a Glance:

The information on the following pages shows you what services are covered under this Health Plan. This is only a summary. You may find complete information in the Official Plan Documents or contact the Health Plan Representative listed on the first page.

Single Service Health Plans (example: dental care, vision care) must provide you with standardized and easy-to-understand information about covered services -- including out-of-pocket costs, service limitations and other things you need to know. Single Service Health Plans can do this through general information materials or by using a special insert summary called "Covered Services at a Glance." For more complete information, read the Official Plan Documents or contact a Health Plan Representative. Using this information, you can compare:

- Health Plans
- Out-of-pocket costs
- Limits on services

Health Plan: BlueCHiP for Healthy Options
