

# 2014 Group Plan 65 Plan Highlights Without the Skilled Nursing Benefit

Group Plan 65 is a Medicare supplement plan, also known as “Medigap,” that picks up where Medicare leaves off, making it easier for you to budget for your healthcare expenses. Group Plan 65 provides flexibility, options, and added discounts—all from a trusted, local company.

You’re free to seek care from the Original Medicare-participating providers of your choice, anywhere in the country. Plan 65 pays for Original Medicare’s cost-sharing, such as deductibles and coinsurance. If Original Medicare does not cover a service, your supplemental plan will also not cover that service, unless otherwise noted.
