

Important Notice about the Small Business Healthcare Tax Credit

You are not currently purchasing this plan through HealthSource RI. If you think you are eligible for a small business healthcare tax credit, you can get that credit only if you buy insurance through HealthSource RI.

What if I want to change plans?

- You may be able to choose a new health plan, or offer your employees a choice of plans, through different insurance companies, through HealthSource RI. If you have fewer than 25 full-time-equivalent employees, you may qualify for a small business healthcare tax credit if you buy insurance through HealthSource RI.
- You can choose to buy a new health plan outside HealthSource RI—directly from an insurance company or with the help of an agent or broker. But remember: If you're eligible for a small business healthcare tax credit, you can only get the credit if you buy a plan through HealthSource RI.
- You generally can buy coverage any time. If group members enroll by the 15th of the month, coverage can begin on the first of the following month.
