(1) All network tiers could be covered as In-Network Tier 1 with a network referral from a CharterCARE provider

(2) CharterCARE Network includes Roger Williams Medical Center, St. Joseph Hospital and Our Lady of Fatima Hospital and their associated list of providers

(3) Without a network referral, the Tier 2 cost share only includes the hospital facility charges, not the professional or ancillary services. These services will fall under the applicable tier based on service

(4) Out-of-network, non-participating providers are not covered except for emergency services.
