

BCBSRI Pharmacy Program October 1, 2017 Formulary Changes

The information below is effective as of October 1, 2017 and applies to all commercial BCBSRI products, including all Large Group, Small Group and Exchange (Individual) markets. These changes do not apply to the Blue CHiP for Medicare programs. Any changes to this list are the result of a comprehensive review of relevant clinical information by the BCBSRI Pharmacy and Therapeutics Committee.

Brand Name Drugs (Excluded from coverage)

For application across all commercial formularies the following Brand-name drugs are now **available with generic equivalents**, as a result the Brand name will be **excluded** from coverage effective October 1, 2017. The generic equivalent will continue to be covered.

AGGRENOX CAP	QUARTETTE TAB	TAZORAC CREAM
AXIRON SOL	RELPAK TAB	TOPICORT OINT
