PREFACE

This Companion Guide supplements the ASC X12 834 (005010X220A1) 5010 Technical Report Type 3 (TR3) adopted under HIPAA. Its purpose is to clarify the rules and specify the data content when data is electronically transmitted to Blue Cross & Blue Shield of Rhode Island (hereinafter "BCBSRI"). The rules for transmitting data detailed herein are compliant with both X12 syntax and the 5010 Technical Reports Type 3 (TR3s). This Companion Guide does not convey information that in any way exceeds the requirements or usages of data expressed in the 5010 Technical Reports Type 3 (TR3s).

DISCLAIMER

This Companion Guide is considered a living document, and as such, the information provided herein will be subject to change after July 1, 2011 in the event that BCBSRI revises its policies or HIPAA Transactions and Code Sets law is updated or amended.

1.0 Introduction

The Health Insurance Portability and Accountability Act (HIPAA) requires that all health insurance payers in the United States comply with the electronic data interchange (EDI) standards for health care as established by the Secretary of Health and Human Services (HHS).

The *ANSI X12N 5010 Technical Reports Type 3 (TR3s)* and Errata adhere to the final HIPAA Transaction Regulations and have been established as the standards of compliance for electronic transactions. The *5010 Technical Reports Type 3 (TR3s)* are available electronically at www.wpc-edi.com.

2.0 Scope

This *834 Health Care Benefit Enrollment and Maintenance Companion Guide* is designed for use in conjunction with the *ANSI ASC X12N 834 (005010X220A1) Health Care Benefit Enrollment and Maintenance 5010 Technical Report Type 3 (TR3)*. The specifications contained within this *Companion Guide* define current functions and provide supplemental information specific to Blue Cross & Blue Shield of Rhode Island (BCBSRI). The information presented is for clarification and does not contradict any requirements in the *Technical Report Type 3 (TR3s)*.

The table in **Section 7.0** details the additional information directly related to loops, segments, or data elements specific to BCBSRI transactions.

3.0 Trading Partners

A BCBSRI EDI trading partner is any business partner (provider, billing service, software vendor, employer group, financial institution, etc.) who transmits to or receives electronic data from BCBSRI.

In order to register as a BCBSRI Trading Partner and begin testing, it is necessary to complete the Trading Partner Registration (TPR) form. In addition, trading partners must print out and complete a copy of the Trading Partner Agreement (TPA) before partner testing can begin. Both documents are located on the BCBSRI Web site:

<https://www.bcsri.com/providers/hipaa-transactions/hipaa-transaction-documents>

Both original documents must be returned to:

Director, EDI & Electronic Information Exchange
ATTN: EDI Trading Partner Agreement & Registration
Blue Cross & Blue Shield of Rhode Island
500 Exchange Street
Providence, RI 02903

4.0 Working with BCBSRI

BCBSRI will work closely with its trading partners to establish effective communication protocols and to resolve any connectivity issues that may arise regarding the exchange of HIPAA-related electronic transactions.

4.1 Contact Information

The following contact information is provided to assist in the transmission/receipt of 834 Group Enrollment and Maintenance transactions:

Call the Information Technology (IT) Service Desk, which supports BCBSRI, at 401-751-1673 or 1-855-721-4211.

5.0 Payer Connectivity/Communications

5.1 Transmission Administrative Procedures

BCBSRI Operations personnel will establish logons, passwords and a HIPAA transaction mailbox for each trading partner approved for testing.

5.2 Retransmission Procedures

In the event that issues arise requiring trading partners to resubmit transactions, BCBSRI support personnel will confirm that it is necessary to retransmit the file(s) in question and will forward specific information to the trading partner.

5.3 Communications Protocols

The initial communications will utilize Internet browser technology (IP Protocol) to the secure BCBSRI Sterling File Gateway using HTTPS (with certificate) or Secure File Transfer Protocol (SFTP using SSH Keys). It is required that all trading partners have Internet access with an industry standard browser.

BCBSRI provides a Web-based application known as BCBSRI Sterling File Gateway enables trading partners to:

- Submit (send) HIPAA transactions;
- Receive HIPAA transaction responses; and
- View history files (directory) of all transactions sent and received for the past 15 days

5.3.1 Passwords

Trading partner access will be verified by the logon and password whenever the BCBSRI Connect Enterprise system is accessed. Operation procedures will assure that logons and passwords are initiated, monitored and maintained in a secure manner.

5.3.2 Connecting to BCBSRI via EDI Gateway

Please go to www.bcbsri.com and select the **Providers** tab, then **HIPAA Transactions**, then **HIPAA Transaction Documents** to view or print *BCBSRI Sterling File Gateway*, a document that provides detailed instructions on how to connect to the BCBSRI Sterling File Gateway. If necessary, also reference the *BCBSRI HTTPS or SFTP documents* for specific data communications set-up instructions.

6.0 Receiver/Sender Identifiers

6.1 ISA-IEA Control Structure/Envelopes

Sender ID interchange control segments: Use ID Qualifier code ZZ in ISA05. The Submitter ID provided by BCBSRI in the Trading Partner Agreement must be used in ISA06 and GS02. ID limited to 8 characters with a leading alpha prefix. Prefixes: **P = Production, T = Test.**

Receiver ID interchange control segments: Use ID Qualifier code ZZ in ISA07. The Receiver ID provided by BCBSRI in the Trading Partner Agreement must be used in ISA08 and GS03.

6.1.1 ISA Delimiters

BCBSRI systems will accept the valid delimiters listed below and request that the use of delimiters be restricted to the following:

- * = Element Delimiter
- : = Composite Delimiter
- ~ = Terminator Delimiter
- ^ = Repetition Separator Delimiter (ISA 11)

6.2 GS-GE Control Segments/Envelopes

Sender ID interchange control segments: Submitter = GS02.

Receiver ID interchange control segments: Receiver = GS03.

Sender IDs will be assigned.

GS Segments/Reference Codes:

Functional Identifier Code	GS01	BE
Application's Sender Code	GS02	TXXXXXXXX(test) PXXXXXXXX(production)
Application's Receivers Code		222774F
Date	GS04	ccyymmdd
Time	GS05	hhmm
Group Control Number	GS06	Required
Responsible Agency Code	GS07	X
Version/Release/Industry Identifier Code	GS08	005010X220A1

7.0 BCBSRI Specific Business Rules and Limitations

Models Supported: BCBSRI will process in batch mode only.

Valid Submitters: BCBSRI will only accept transactions from valid trading partners whose submitter IDs are on file. It will reject transmissions if the submitter ID cannot be validated.

Invalid Special Characters are: [\$ * ; < > ? !]

The following are specific BCBSRI rules applicable to benefit enrollment and maintenance transactions:

Item	Loop ID Segment Description and Element Name	Reference (REF) Designator	HIPAA TR3 Page Number	Comments
1.	HEADER Transaction Set Header Beginning Segment Transaction Set Policy Number	ST03 BGN08 REF02	35 35 36	005010X220A1 For Full File send RX or 4, Changes only send 2 Your Master Identification Code will be assigned upon completion of the Trading Partner Agreement.
2.	1000A – SPONSOR NAME Identification Code Qualifier Identification Code	N103 N104	40 40	FI = Federal Taxpayer's Identification Number Enter your Federal Taxpayer's Identification Number using the format '99-9999999'. Failure to provide the Federal Taxpayer's ID in the prescribed format will result in the rejection of the transmission.
3.	1000B - PAYER Identification Code Qualifier Identification Code	N103 N104	42 42	FI = Federal Taxpayer's Identification Number Use 05-0158952 .
4.	1000C – TPA/BROKER NAME Identification Code Qualifier Identification Code	N103 N104	44 44	FI = Federal Taxpayer's Identification Number Enter TPA Federal Taxpayer's Identification Number using the format '99-9999999'. Failure to provide the Federal Taxpayer's ID in the prescribed format will result in the rejection of the transmission.

8.0 Functional Acknowledgement/Reports

8.1 999 Transaction Acceptance Report

Upon receipt of an 834, BCBSRI will respond with a 999 functional acknowledgement transaction to inform the submitter that the transaction has arrived. The 999 transaction may include information regarding the syntactical quality of the 834 transmission, or the extent to which the syntax complies with the standards for transaction sets and functional groups.

9.0 Certification and Testing

If you wish to submit 834 Group Enrollment and Change transactions to BCBSRI, complete the Trading Partner Agreement (TPA) and Registration (TPR) forms from the www.bcbsri.com Web site. Complete the form and return to the appropriate address from the form. An EDI staff member will provide you with your Submitter id (Mailbox id) upon receipt of these signed forms. This id will be used within your 834 transaction as well.
