

Formulary: BCBS RI 4-Tier 2014

Formulary ID 00014600, **Version** 7

Last Updated: 03/2014

List of Abbreviations

B/D: This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

CB: This prescription drug has a capped benefit limit.

DP: Dual Demonstration Plan. This item is covered under your Medicaid benefits. The DP next to a drug means the drug is not a "Part D drug." The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid. If you or your doctor disagrees with our decision, you can appeal. If you ever have a question, call Member Services. You can also read the Member Handbook to learn how to appeal a decision.

EA: Each.

ED: This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

FF: Free First Fill. This prescription drug will be provided at <zero>/<reduced> cost-sharing the first time you fill it.

GC: Gap Coverage. We provide additional coverage of this prescription drug in the coverage gap. Please refer to our Evidence of Coverage for more information about this coverage.

HI: Home Infusion. This prescription drug <is>/<may be> covered under our medical benefit. For more information, call Member Services at <toll-free number>, <days and hours of operation>. TTY/TDD users should call <toll-free TTY number>

LA: Limited Availability. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at <toll-free number>, <days and hours of operation>. TTY/TDD users should call <toll-free TTY number>.

MO: Mail Order Drug. This prescription drug is available through a mail-order service.

PA: Prior Authorization. <Plan name> requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from <plan name> before you fill your prescriptions. If you don't get approval, <plan name> may not cover the drug.

QL: Quantity Limit. For certain drugs, <plan name> limits the amount of the drug that <plan name> will

cover. For example, <plan name> provides <number of units> per prescription for <drug name>. This may be in addition to a standard one month or three month supply.

ST: Step Therapy. In some cases, <plan name> requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, <plan name> may not cover drug B unless you try Drug A first. If Drug A does not work for you, <plan name> will then cover Drug B.
