

BCBSRI HSA Preventive Drug List

Effective April 1, 2018

Your employer has elected to include an HSA Preventive Drug coverage feature with your prescription benefit plan. Below is the list of medications available under your HSA Preventive Drug coverage. The actual cost of the medication will be applied toward the preventive benefit offered by your employer, allowing you to receive coverage even if you have not met your deductible. Benefits will be provided in accordance with U.S. Department of the Treasury and Internal Revenue Service (IRS) guidance with Health

Spending Accounts (HSAs) and qualified High Deductible Health Plans (HDHPs). This list will be reviewed periodically and is subject to change. The drugs listed below are grouped into broad categories. Each category includes an alphabetical list of drugs. Generic drugs are available for many of the brands noted on this list. Please verify with your plan if a generic drug must be tried before filling a brand version of a drug. Please refer to your benefit materials for coverage details and the plan website for current information as this publication is subject to change.

ANTI-ANGINA

DILATRATE SR
isosorbide dinitrate
ISOSORBIDE DINITRATE ER
isosorbide mononitrate
isosorbide mononitrate ext-release
NITRO-BID
NITRO-DUR 0.3, 0.8 mg/hr
nitroglycerin ext-release
nitroglycerin lingual spray, tabs
nitroglycerin patches
NITROMIST
RANEXA

ANTI-ARRHYTHMICS

amiodarone
DIGOXIN soln
digoxin tabs
disopyramide
dofetilide
flecainide
LANOXIN 0.0625, 0.1875 mg
LANOXIN 0.125, 0.25 mg**
mexiletine
MULTAQ
NORPACE CR
propafenone
propafenone ext-release
quinidine gluconate ext-release
