SUMMARY OF MEDICAL BENEFITS

This is a summary of your medical benefit coverage levels under this *agreement*. It includes information about *copayments*, *deductibles (if any)*, and some *benefit limits*. This summary is intended to give you a general understanding of the medical coverage available under this *agreement*. Please read Section 3.0 for a detailed description of coverage for each particular *covered health care service*, along with the related exclusions. Section 4.0 contains a list of general exclusions. Words or phrases in italics are defined in Section 8.0 - Glossary.

IMPORTANT NOTE: All of our payments at the benefit levels noted below are based upon a fee schedule called our *allowance*. If you receive services from a *network provider*, the *provider* has agreed to accept our *allowance* as payment in full for *covered health care services*, excluding your *copayments*, *deductible (if any)*, and the difference between the *maximum benefit* and our *allowance*, if any. If you receive *covered health care services* from a *non-network provider*, you will be responsible for the *provider's charge*. You will then be reimbursed based on the lesser of the *provider's charge*, our *allowance*, or the *maximum benefit*, less any *copayments* and *deductibles (if any)*, if any. The *deductible (if any)* and *maximum out-of-pocket expenses* are calculated based on the lower of our *allowance* or the *provider's charge*, unless otherwise specifically stated in this *agreement*.

**Preauthorization* is recommended for the services marked with an asterisk (*).Please see Section 1.6 – Preauthorization, Section 5.3 – Coverage for Services Provided Outside of the Service Area (*BlueCard*) and Section – 8.0 Glossary for more information.

IMPORTANT NOTE: This *agreement* has three (3) benefit levels for certain *covered health care services.* You may choose to receive certain *covered health care services* from *network providers* that we have identified as Tier 1 and Tier 2 or from *non-network providers* or facilities. When you seek care from Tier 1 designated *network providers*, you maximize the *level of coverage* available to you.

Your *copayment*, the amount that you pay, may be less if you have *covered health care services* rendered at a Tier 1 *network provider*.

Additional information related to tiering is as follows:

- Our list of Tier 1, Tier 2 network *providers* and *non-network providers* will change from time to time; visit the "Find a Doctor" feature on BCBSRI.com or contact Customer Service for the most up to date listing;
- You may choose to have *covered health care services* rendered by Tier 1 *network providers*, Tier 2 *network providers*, and *non-network providers*.

You can find out the more details about benefit tiering by visiting BCBSRI.com or calling our Customer Service Department.

For details about your *copayment*, see the Summary of Medical Benefits below.

Please review the Summary of Medical Benefits carefully. Your *copayment* may differ dependent upon **where** you have your *covered health care services* rendered. For example, your *copayment* may be lower if you have a diagnostic test, like an x-ray, at a freestanding facility (a facility that is not a *hospital*) instead of at the *hospital* facility.

In the Summary of Medical Benefits, those *covered health care services* that have a tiering component are indicated with a (**^**).

For a list of Tier 1 and Tier 2 *network* providers, please go to “Find a Doctor” on bcbsbri.com or call Customer Service.

Reinstatement after Termination for Nonpayment of Premium

If you purchase coverage directly from BCBSRI and your coverage was terminated for nonpayment of premium, you will not be eligible to enroll in another BCBSRI direct pay *plan* at any time unless you pay any required premiums, including any overdue premiums and any premiums currently billed.

Coverage for Members who are Hospitalized on their Effective Date

If you are in the *hospital* on your effective date of coverage, *covered health care services* related to such hospitalization are covered as long as: (a) you notify us of your hospitalization within forty-eight (48) hours of the effective date, or as soon as is reasonably possible; and (b) *covered health care services* are received in accordance with the terms, conditions, exclusions and limitations of this *agreement.* As always, *benefits* paid in such situations are subject to the Coordination of Benefits provisions described in Section 6.0.

2.3 How to Add or Remove Coverage for Family Members

You must tell us if you want to add family *members*. See Section 2.2 above.

You must send notification to us if you want to take family *members* off your coverage. We will remove family *members* effective the first day of the month following the month in which we are notified from you.

We must get the notice to remove your family *members* at least fourteen (14) working days before the requested date of removal. If we do not receive your notice within this fourteen (14) working day period, you must pay us for another month's premium. Requests for retroactive removal of family *members* will NOT be allowed.

2.4 When Your Coverage Ends

When We End This Agreement

Coverage under this *agreement* is guaranteed renewable. It can be canceled for the following reasons.

This *agreement* will end automatically:

- on the date the premium is not paid (see Section 1.13 - Premium and Grace Period);
- the first day of the month following that month in which you cease to be an *eligible person*;
- the first day of the month your dependent no longer qualifies as an eligible dependent;
- the first day of the month following that month in which you are no longer a Rhode Island resident;
- if we cease to offer this type of coverage, per the rights and limitations of Rhode Island General Law §27-18.5-4;
- the date fraud is identified. Fraud includes, but is not limited to, intentional misuse of your identification card (ID card) and intentional misrepresentation of a material fact made by you, or on your behalf, that affects your coverage. Fraud may result in retroactive termination. You will be responsible for all costs incurred by BCBSRI due to the fraud. BCBSRI may decline reinstatement of your coverage. We may decline enrollment in any other coverages we offer that may become available in the future, as well; or
- the date abuse or disregard for *provider* protocols and policies is identified by us. If after making a reasonable effort the *provider* is unable to establish or keep a satisfactory relationship with a *member*, coverage may end after thirty-one (31) days' written notice. Examples of unsatisfactory *provider* and patient relationships include:
    - abusive or disruptive behavior in a *provider* 's office;
    - repeated refusals by a *member* to accept procedures or treatment recommended by a *provider*; and
    - impairing the ability of the *provider* to provide care.

If you purchase coverage from *HealthSource RI* and the Qualified Health *Plan* is terminated or decertified, coverage under this *agreement* will end.

Retroactive Cancellations

Rescind/Rescission means a cancellation or discontinuance of coverage that has a retroactive effect. A cancellation is not a rescission if it:

- only has a prospective effect (as described in the sub-section above When We End This Agreement); or
- applies retroactively to the extent that such cancellation is due to the failure to timely pay premiums.

We may rescind your coverage if you or your dependents commit fraud. Fraud includes, but is not limited to, intentional misuse of your identification card (ID card) or intentional misrepresentation of material fact. Any *benefit* paid in the past will be voided. You will be responsible to reimburse us for all costs and *claims* paid by us. We must provide you a written notice of a rescission at least thirty (30) days in advance. This notice will provide you with information about how to appeal this decision. Please see Section 7.0 – Adverse Benefit Determinations and Appeals.

Except for non-payment, we will not contest this policy after it has been in force for a period of two (2) years from the later of the *agreement* effective date or latest reinstatement date.

When You End This Agreement
You may end this *agreement* by telling us in writing that you want to end coverage. We must get your notice to end this *agreement* at least fourteen (14) days before the requested date of cancellation. If we do not receive your notice within this fourteen (14) day period, you must pay another month's premium. Requests for retroactive cancellations will NOT be allowed.

If you change from one coverage to coverage during an Open Enrollment or a Special Enrollment period, your coverage under the original *agreement* will end.

If you purchase coverage from *HealthSource RI*, you may end this *agreement* by telling *HealthSource RI*, in writing, that you want to end coverage. (See Section 2.0)

HIPAA certificate of creditable coverage
When your coverage ends, we will send to you a Health Insurance Portability and Accountability Act (HIPAA) certificate of creditable coverage to provide evidence of your prior health coverage. The information in the certificate lets your new health *plan* know how long you have had coverage, so you can receive credit for it. This information may help you obtain a Special Enrollment under a new *plan*.

We will also send to you a HIPAA certificate of creditable coverage upon request.

2.5 Continuation of Coverage

Extended Benefits
In the event that we cancel this *agreement*, *benefits* shall be extended for a pregnancy that began while the *agreement* was in force and for which *benefits* would have been payable had the *agreement* remained in force.

If you are disabled on the termination date of this *agreement*, your *benefits* will be temporarily extended for any continuous loss, which commenced while the *agreement* was in force. The services provided under this benefit are subject to all terms, conditions, limitations and exclusions listed in this *agreement*, and the care you receive must relate to or arise out of the disability you had on the day this *agreement* ended.

The extension of *benefits* will cease upon the earliest of the following events:
- the continuous disability ends; or
- twelve (12) months from the termination date; or
- payment of the *maximum benefits* under this *agreement* has been met.

Extended *benefits* apply ONLY to the *subscriber* who is disabled. If you want to receive coverage for continued care when this *agreement* ends, you must provide us with proof that you are disabled. We will make a determination whether your condition constitutes a disability and you will have the right to appeal our determination or to take legal action. Please see Section 7.0 – Adverse Benefit Determinations and Appeals.

3.0 COVERED HEALTH CARE SERVICES

We agree to provide coverage for *medically necessary covered health care services* listed in this *agreement.* If a service or category of service is not specifically listed as covered, it is not covered under this *agreement.* Only services that we have reviewed and determined are eligible for coverage under this *agreement* are covered. All other services are not covered. See Section 1.4 for how we identify *new services* and our guidelines for reviewing and making coverage determinations.

We only cover a service listed in this *agreement* if it is *medically necessary*. We review medical necessity in accordance with our medical policies and related guidelines. The term *medically necessary* is defined in Section 8.0 - Glossary. It does not include all medically appropriate services.

The amount of coverage we provide for each health care service differs according to whether or not the service is received:

- as an *inpatient*;
- as an *outpatient* ;
- in your home;
- in a *doctor's* office; or
- from a pharmacy.

Also coverage differs depending on whether:

- the health care *provider* is a *network provider* or *non-network provider*;
- *deductibles (if any)*, *copayments*, or *maximum benefit* apply;
- you have reached your *benefit year maximum out-of-pocket expense*;
- there are any exclusions from coverage that apply; or
- our *allowance* for a *covered health care service* is less than the amount of your *copayment* and *deductible (if any)*. In this case, you will be responsible to pay up to our *allowance* when services are rendered by a *network provider*.

Please see the Summary of Medical Benefits to determine the *benefit limits* and amount that you pay for the *covered health care services* listed below.

Please see the Summary of Pharmacy Benefits to determine the *benefit limits* and amount that you pay for prescription drug and diabetic equipment and supplies purchased at a pharmacy.

3.1 Ambulance Services

Ground Ambulance

In accordance with Rhode Island General Law § 27-20-55, ground ambulance services are covered up to the *benefit limits* listed in the Summary of Medical Benefits.

Local professional or municipal ground ambulance services are covered when it is *medically necessary* to use these services, rather than any other form of transportation, to these places:

- to the closest available *hospital* for an *inpatient* admission;
- from a *hospital* to home, a skilled nursing facility, or a rehabilitation facility after being discharged as an *inpatient*;
- to the closest available *hospital* emergency room immediately in an *emergency*;
- to and from a *hospital* for *medically necessary* services not available in the facility where you are an *inpatient*; or
- from a physician's office to a skilled nursing facility.

Our *allowance* for the ground ambulance includes the services rendered by an *emergency* medical technician or paramedic, drugs, supplies and cardiac monitoring.

Related Exclusion

This *agreement* does NOT cover ground ambulance transportation to a physician's office.

Air and Water Ambulance

Medically necessary air and water ambulance services are covered as listed in the Summary of Medical Benefits.

Medically necessary air and water ambulance services are covered up to the *maximum benefit limit* as shown in the Summary of Medical Benefits. When you receive services from a *network provider,* you are responsible to pay the *copayment*, and the difference between our *allowance* and the *maximum benefit limit*. You are responsible to pay up to the total *charge* when a *non-network provider* renders air or water ambulance services.

Air ambulance service means transportation by a helicopter or fixed wing plane. The aircraft must be a certified ambulance. The crew, maintenance support crew, and aircraft must meet the certification requirements and hold a certificate for air ambulance operators under Part 135 of the Federal Aviation Administration (FAA) regulations.

Water ambulance means transportation by a boat. The boat must be specially designed and equipped for transporting the sick or injured. It must also have such other safety and lifesaving equipment per state or local regulation.

Use of an air or water ambulance is *medically necessary* when the time needed to move a patient by land, or the instability of transportation by land, may threaten a patient's condition or survival. It is also *medically necessary* if the proper equipment needed to treat the patient is not available on a ground ambulance.

The patient must be transported for treatment to the nearest facility that can provide a level of care for the patient's illness. It must have available the type of physician or physician specialist needed to treat the patient's condition.

We will only cover air and water ambulance services originating and ending in the United States and its territories. Our *allowance* for the air or water ambulance includes the services rendered by an *emergency* medical technician or paramedic, drugs, supplies and cardiac monitoring.

Related Exclusions

This *agreement* does NOT provide coverage for:

- air or water ambulance transportation unless the destination is an acute care *hospital*. (Some examples of non-covered air or water ambulance services include transport to a physician's office, nursing facility, or a patient's home); and
- transport from cruise ships when not in United States waters.

3.2 Behavioral Health Services

Behavioral health services are the evaluation, management, and treatment of a patient with a mental health or *substance abuse* disorder.

For the purposes of this *agreement,* mental health disorder shall be defined as mental illness. Mental illness means:

- Any mental disorder and *substance abuse* disorder that is listed in the most recent revised publication or the most updated volume of either the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychiatric Association or the International Classification of Disease Manual (ICO) published by the World Health Organization and that substantially limits the life activities of the person with the illness;
- *Substance abuse* does not include addiction to or abuse of tobacco and/or caffeine; and
- Mental disorders do not include mental retardation, learning disorders, motor skills disorders, communication disorders, and "V" codes as defined in DSM/IV Diagnostic Criteria published by the American Psychiatric Association.

This *agreement* provides parity in the *benefits* for behavioral health services. This means that coverage of *benefits* for mental health and *substance abuse* disorders is generally comparable to, and not more restrictive than, the *benefits* for physical health.

Financial requirements (such as *deductibles (if any)* or *copayments*) or quantitative treatment limits (such as visit *benefit limits*) that apply to behavioral health services within a category (such as *inpatient* services received from an *network provider*) are not more restrictive than the *benefit limit* that applies to most of the medical *benefits* within that same category.

This *agreement* applies different levels of financial requirements to different tiers of prescription drug without regard to whether a prescription drug is generally prescribed for physical or mental health and/or *substance abuse* disorders. These factors include cost, efficacy, generic versus brand name, and mail order versus retail pharmacy pick-up. See Section 3.27- Prescription Drugs

The *agreement* may impose a variety of limits affecting the scope or duration of *benefits* that are not expressed numerically. An example of these types of treatments limit is *preauthorization*. *Preauthorization* is applied to behavioral health services in the

same way as medical *benefits*. The only exception is except where clinically appropriate standards of care may permit a difference.

Mental disorders are covered under **Section A. Mental Health Services**. *Substance abuse* disorders are covered under **Section B. Substance abuse Treatment**.

See the Summary of Medical Benefits for *benefit limits* and the amount you pay.

Definitions

The following definitions apply to this Section 3.5:

COVERED DENTAL CARE SERVICES means any dental service, treatment, or procedure that we have determined is eligible for reimbursement under this *agreement.* Reimbursement for *covered dental care services* is always subject to *our allowance* and must be deemed *dentally necessary. Covered Dental Care Services* does not include the services of an anesthesiologist.

DENTIST means any person duly licensed and registered to practice dentistry as defined in Rhode Island General Law §5-31-1, as amended. This includes persons duly licensed under comparable laws of other states and countries if *covered dental care services* are rendered at the time and place that comparable laws are effective. The services must be performed within the scope of the individual's license.

DENTAL NECESSITY (DENTALLY NECESSARY) means that the dental services provided by a *dentist* to identify or treat your dental or oral health condition, upon review by BCBSRI, are:

- consistent with the symptoms and appropriate and effective for the diagnosis, treatment, or care of the oral condition, disease, or injury for which it is prescribed or performed;
- appropriate with regard to generally accepted standards of dental practice within the dental community or scientific evidence;
- not primarily for the convenience of the *member*, the *member's* family or *dentist* of such *member;* and
- the most appropriate in terms of type, amount, frequency, setting, duration, and level of service that can safely be provided to the *member.*

We will make a determination whether a *dental* service is *dentally necessary* based on our dental policies and related guidelines. You have the right to appeal our determination or to take legal action. Please see Section 7.0 – Adverse Benefit Determinations and Appeals.

We may review *dental necessity* on a case-by-case basis. WE DETERMINE *DENTAL NECESSITY* SOLELY FOR PURPOSES OF *CLAIMS* PAYMENT IN ACCORDANCE WITH OUR DENTAL POLICIES AND RELATED GUIDELINES UNDER THIS *AGREEMENT*.

PREDETERMINATION is an administrative procedure whereby your *dentist* sends to us your treatment plan before treatment is rendered. *Predeterminations* are an estimate, not a guarantee of payment. The *predetermination* estimates are based on your eligibility status and *benefits* at the time the request is processed. It is subject to change.

Obtaining *predetermination* is NOT a requirement in order for planned *covered dental care service* to be covered.

However, if you decide to have the dental service when the *predetermination* is that the service is not covered, you will be responsible for the cost of the dental service. This is true whether you have the service rendered by a *network* or *non-network dentist*. You have the right to appeal or to take legal action as described in Section 7.0.

Network dentists may get *predetermination* for all *covered dental care services.* This includes, but is not limited to, multiple restorations, periodontics (treatment of gums), prosthodontics (bridges and dentures) and orthodontics.

When your *dentist* is *non-network,* you or the *non-network dentist* may obtain a *predetermination*. You may inquire about *predeterminations* by calling us at (401) 453-4700 or 1-800-831-2400.

For information about office visits, see Section 3.23 - Office Visits. For medical equipment and supplies, see Section 3.8 - Durable Medical Equipment, Medical Supplies, Enteral Formula or Food, and Prosthetic Devices. See the Summary of Medical Benefits for *benefit limits* and the amount that you pay. For Prescription Drugs, see Pharmacy Benefits Section 3.27.

3.11 Experimental/investigational Services

This *agreement* only provides coverage for certain *experimental/investigational* services as required by:

- Rhode Island General Laws Sections § 27-20-60 entitled "Coverage for individuals participating in approved clinical trials"; and
- Rhode Island General Laws Title 27, Chapter 55, entitled "Off Label Use of Prescription Drugs".

In accordance with Rhode Island General Law §27-20-60, this *agreement* provides coverage for *members* participating in approved clinical trials.

You are qualified to participate in a clinical trial if:

- you are eligible, according to the trial protocol;
- a *network provider* has concluded that your participation would be appropriate; and
- you provide medical and scientific information establishing that your participation in such trial would be appropriate.

RIGL § 27-20-60 describes what an approved clinical trial is. In summary, it means a phase I, phase II, phase III, or phase IV clinical trial that is being done to prevent, detect or treat cancer or a life-threatening disease or condition (a disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted).

To qualify to be a clinical trial it must:

- be federally funded;
- be conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); and
- be a drug trial that is exempt from having such an investigational new drug application.

If a *network provider* is participating in a clinical trial, and the trial is being conducted in the state in which you reside, then you may be required to participate in the trial through the *network provider*.

Coverage under this *agreement* includes routine patient costs for *covered health care services* furnished in connection with participation in the trial. These include *covered health care services* that are typically covered for a patient who is not enrolled in a clinical trial.

The amount you pay for is based on the type of service. For information about office visits, see Section 3.23 - Office Visits. For surgical procedures see Section 3.34 - Surgery Services. For lab, radiology, and machine tests see Section 3.35 - Tests, Imaging, and Labs. See the Summary of Medical Benefits for *benefit limits*. For Prescription Drugs, see Section 3.27.

In a clinical trial, this *agreement* does not cover:

- the investigational item, device, or service itself;
- items or services provided solely to satisfy data collection and that are not used in the direct clinical management; or
- a service that is clearly inconsistent with widely accepted standards of care.

RIGL § 27-55 explains how coverage under this *agreement* is available for off label prescription drugs for cancer if the prescription drug is recognized as a treatment for cancer in accepted medical literature.

Related Exclusions

This *agreement* does NOT cover any treatments, procedures, facilities, equipment, drugs, devices, supplies, or services that are *experimental* or *investigative* except as described above.

Treatments, procedures, facilities, equipment, drugs, devices, supplies, or services will be recognized as having been proven effective in clinical medicine only if one of the following apply:

- final approval for the use of a specific service for a specific condition from the appropriate governmental regulatory body;

- demonstrated, reliable evidence based upon an entry in at least one of the three standard reference compendia (shown in this Section 3.11);
- sound scientific studies published in authoritative, peer reviewed medical journals that:
  - show statistically significant outcomes about the effectiveness of the service, and
  - permit a consensus of opinion that the service improves the *member's* net health outcome, and
  - show it is as beneficial as any established alternatives, and
  - show that the improvement is attainable outside the *investigational* setting; or
- the determination by an expert medical consultant retained by us, for the purpose of reviewing a particular service, that the service is not *experimental/investigational* for that particular *member's* case.

A service is considered *experimental/investigational*, and therefore excluded, if one or more of the following circumstances are true:

- The service is the subject of ongoing Phase I or Phase II clinical trial or is the *experimental* arm of Phase III clinical trial, except as described above.
- Is under study to determine the maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with a standard means of treatment or diagnosis.
- The prevailing opinion among experts about the service is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.
- The current belief in the pertinent specialty of the medical profession in the United States is that the service or supply should not be used for the diagnosis or indications being requested outside of clinical trials or other research settings because it requires further evaluation for that diagnosis or indications. We will determine the applicability of this criterion based on:
  - Published reports in authoritative, peer-reviewed medical literature; and
  - Reports, publications, evaluations, and other sources published by government agencies, such as the National Institutes of Health, the FDA, and the Agency for Healthcare Research and Quality.
- If the benefit in question is a drug, a device, or other supply that is subject to approval by the FDA, and at least one of the following criteria apply:
  - it has not received FDA approval;
  - it has limited FDA approval under regulations such as Treatment Investigational New Drugs;
  - it has FDA approval but the indication for the drug or device, or the dosage, is not an accepted off-label use. We will judge this criterion through review of reports published in authoritative peer-reviewed United States medical literature OR entries in one or more of the following drug compendia:
    i. The AMA Drug Evaluations;
    ii. The American Hospital Formulary Service Drug Information; or
    iii. The U.S. Pharmacopoeia Dispensing Information;

- The Institutional Review Board (IRB) of the *provider* of the service or supply acknowledges that use of it is *experimental/investigational* and is subject to the approval of the IRB;
- The *provider* IRB requires the patient (or parent or guardian) to give an informed consent for the service or supply that states the service or supply is *experimental/investigational*, or federal law requires such a consent; or
- The research protocols related to the requested service or supply state or show the service or supply is *experimental/investigational*.

We will make a determination whether a service is *experimental/investigational*. If you disagree with our determination, you have the right to appeal or to take legal action as described in Section 7.0.

3.26 Pregnancy Services and Nursery Care

If you are covered as an individual under this *agreement* you must notify us and pay the appropriate family membership fee within thirty-one (31) days of delivery so that the newborn child will be covered beyond such thirty-one (31) day period. See Section 2.2 - When You Can Enroll and Make Changes - Special Enrollment.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act
Under federal law, group health *plans* and health insurance issuers offering group health insurance coverage generally may not restrict *benefits* for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than forty-eight (48) hours following a vaginal delivery, or less than ninety-six (96) hours following a delivery by cesarean section. However, the *plan* or issuer may pay for a shorter stay if the attending *provider* (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, *plans* and issuers may not set the level of *benefits* or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a *plan* or issuer may not, under federal law, require that a physician or other health care *provider* obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Inpatient

In accordance with Rhode Island General Law §27-20-17.1, this *agreement* covers a minimum *inpatient hospital* stay of forty-eight (48) hours from the time of a vaginal delivery and ninety-six (96) hours from the time of a cesarean delivery:

- If the delivery occurs in a *hospital*, the *hospital* length of stay for the mother or newborn child begins at the time of delivery (or in the case of multiple births, at the time of the last delivery).
- If the delivery occurs outside a *hospital*, the *hospital* length of stay begins at the time the mother or newborn is admitted as a *hospital* in connection with childbirth.

Any decision to shorten these stays shall be made by the attending physician in consultation with and upon *agreement* with you. In those instances where you and your infant participate in an early discharge, you will be eligible for:

- up to two (2) home care visits by a skilled, specially trained registered nurse for you and/or your infant, (any additional visits must be reviewed for medical necessity); and
- a pediatric office visit within twenty-four (24) hours after discharge.

See Section 3.23 - Office Visits for coverage of home and office visits.

We cover *hospital services* provided to you and your newborn child. Your newborn child is covered for services required to treat injury or sickness. This includes the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities as well as routine well-baby care.

3.27 Prescription Drugs and Diabetic Equipment/Supplies

Definitions

The following definitions apply to this section. Definitions that are not specific to these sections (such as *copayment* and *deductible (if any)*) are found in Section 8.0 – Glossary.

DISPENSING GUIDELINES means:

- the prescription order or refill must be limited to the quantities authorized by your *doctor* not to exceed the quantity listed in the Summary of Pharmacy Benefits;
- the prescription must be *medically necessary*, consistent with the ***doctor's*** diagnosis, ordered by a *doctor* whose license allows him or her to order it, filled at a pharmacy whose license allows such a prescription to be filled, and filled according to state and federal laws;
- the prescription must consist of *legend drugs* that require a ***doctor's*** prescription under law or compound medications made up of at least one *legend drug* requiring a ***doctor's*** prescription under law; and
- the prescription must be dispensed at the proper place of service as determined by our Pharmacy and Therapeutics Committee. For example, certain prescription drugs may only be covered when obtained from a pharmacy.

Quantity limits may apply to certain Prescription Drugs:

- Certain prescription drugs are subject to additional quantity limits based on criteria that we have developed, subject to our periodic review and modification.
- Quantity limits may restrict the amount of pills dispensed per thirty (30) day period, the number of prescriptions orders or refills in a specified time period, or the number of prescriptions orders or refills ordered by a *provider* or multiple *providers*.
- You may obtain a current list of prescription drugs that have been assigned maximum quantity levels for dispensing by visiting our Web site at BCBSRI.com or calling our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

FORMULARY means the prescription drugs and dosage forms covered under this *agreement.* Some prescription drugs are not in the *formulary*. If a prescription drug is not in our *formulary*, then it is not covered under this *agreement*. A committee of local physicians and Pharmacists, set up by us, develop the prescription drug *formulary* listing which is subject to periodic review and is subject to change. The committee decides the tier placement of drugs in the *formulary*, which determines the amount you will pay. To obtain coverage information for a specific prescription drug or to get a copy of the most current *formulary* listing, visit our Web site at BCBSRI.com. or you may call our Customer Service Department at (401) 459-5000 or 1-800-639-2227 for information.

LEGEND DRUG is a drug that federal law does not allow the dispensing of without a prescription.

NETWORK PHARMACY means any pharmacy that has an agreement to accept our *pharmacy allowance* for prescription drugs and diabetic equipment/supplies covered under this *agreement.* All other pharmacies are **NON-NETWORK PHARMACIES**. The

one exception and for the purpose of *specialty Prescription Drugs,* only specialty pharmacies that have an agreement to accept our *pharmacy allowance* are *network pharmacies* and all others pharmacies are *non-network pharmacies.*

PHARMACY ALLOWANCE means the lower of:
- the amount the pharmacy *charges* for the prescription drug;
- the amount we or our PBM have negotiated with a *network pharmacy*; or
- the maximum amount we pay any pharmacy for that prescription drug.

PRESCRIPTION DRUG PREAUTHORIZATION is the advance approval that must be obtained before we provide coverage for certain Prescription Drugs. *Prescription drug preauthorization* is not a guarantee of payment, as the process does not take *benefit limits* into account. The process for obtaining *prescription drug preauthorization* is described below.

You must ask the prescribing physician to request *prescription drug preauthorization* for certain preferred brand name and non-preferred brand name prescription drugs, and for certain specialty prescription drugs, if the specialty prescription drug is bought at a *network pharmacy*. If the specialty prescription drug is bought at a *non-network pharmacy*, *prescription drug preauthorization* is not required. For details see **Pharmacy Program for Prescription Drugs and Diabetic Equipment/Supplies Purchased at a Pharmacy** listed below.

Services for which *prescription drug preauthorization* is required are marked with a (+) symbol in the Summary of Pharmacy Benefits. To obtain the required *prescription drug preauthorization* for certain covered prescription drugs (as described above), please request your prescribing physician to call our pharmacy benefits administrator, using the number listed for the "Pharmacist" on the back of your ID card.

SITE OF SERVICE, for the purposes of this *agreement*, includes these three types of pharmacies:

- generic, preferred brand name, and non-preferred brand name Prescription Drugs; and
- *specialty Prescription Drugs.*

A. Pharmacy Program for Prescription Drugs and Diabetic Equipment/Supplies Purchased at a Pharmacy

Introduction

This section provides coverage information for prescription drugs in our *formulary* generic, preferred brand name, and non-preferred brand name prescription drugs, *specialty prescription drugs* and diabetic equipment and supplies that are bought at a pharmacy. Prescription drugs must be identified as covered under this *agreement* in our *formulary* and dispensed per our *dispensing guidelines* in order to be covered.

Generic, preferred brand name, and non-preferred brand name prescription drugs may be dispensed at a retail pharmacy, a specialty pharmacy, a mail order pharmacy, or by a *provider* other than a pharmacy. *Specialty prescription drugs* must be dispensed at a specialty pharmacy or a *non-network pharmacy.* If a professional *provider* dispenses a *specialty prescription drug,* it is not separately reimbursed unless obtained from a specialty pharmacy. The administration of the *specialty prescription drug* is covered.

For information about the administration of *specialty Prescription Drugs*, see Section 3.2 - Behavioral Health, Section 3.13 - Hemophilia Services, Section 3.14 - Home Health Care, Section 3.18 - Infertility Services, Section 3.19 - Infusion Therapy, Section 3.23 - Office Visits, and Section 3.30 - Radiation Therapy/Chemotherapy Services.

If you are dispensed a *specialty prescription drug* from a Rhode Island *network provider,* the charge for the *specialty prescription drug* is not reimbursed and the Rhode Island *network provider* may not seek reimbursement from you. If you are dispensed a *specialty prescription drug* from a *non-network provider* or by a *provider* that participates with an out of state Blue Cross and Blue Shield *plan*, the charge for the *specialty prescription drug* is not reimbursed. You are liable to pay the for the *specialty prescription drug*.

Prescription drugs are reimbursed based on the *type of service* and the *site of service*. See the Summary of Pharmacy Benefits for *benefit limits* and the amount that you pay.

Coverage for prescription drugs is subject to the pharmacy *program*. The pharmacy *program*'s *formulary* includes a five-tier *copayment* structure and requires *prescription drug preauthorization* for certain Prescription Drugs. It also includes dose optimization conditions. Each of these items is described in more detail below. Coverage is provided for prescription drugs bought at a pharmacy, per the terms, conditions, exclusions, and limitations of this *agreement.*

Five-Tier Copayment Structure

This prescription drug *plan formulary* has a five-tiered *copayment* structure.

First Tier: generally includes *formulary* low cost preferred generic Prescription Drugs, which require the lowest *copayment.*

Third Tier: generally includes *formulary* high cost non-preferred generic prescription drugs and preferred brand name Prescription Drugs, which require a higher *copayment*.

Fourth Tier: generally includes other *formulary* generic and non-preferred brand name drugs that require a higher *copayment* than the Third Tier.

Fifth Tier: generally includes *formulary specialty Prescription Drugs,* which require a *copayment.*

Our *formulary* lists generic, preferred brand name, and non-preferred brand name prescription drugs and *specialty prescription drugs* covered under this *agreement.* To obtain a copy of the most current *formulary* listing, visit our Web site at BCBSRI.com. or you may call our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

Coverage is based on our *pharmacy allowance*.

This *agreement* does NOT cover generic, preferred brand name, and non-preferred brand name prescription drugs or diabetic equipment and supplies when bought at *non-network pharmacies*. If you buy generic, preferred brand name, and non-preferred brand name prescription drugs or diabetic equipment and supplies from *non-network pharmacies*, you will be responsible to pay the charge for the prescription drug or diabetic equipment and supplies at the time the prescription is filled.

See Section 5.0 – How Your Covered Health Care Services Are Paid.

How to Obtain Prescription drug Preauthorization

Prescription drug preauthorization is required for certain brand name prescription drugs and *specialty prescription drugs*. To obtain *prescription drug preauthorization*, the prescribing *provider* must submit a completed *prescription drug preauthorization* request form.

The prescribing *provider* may obtain a *prescription drug preauthorization* form by visiting our Web site at BCBSRI.com or calling the Physician and Provider Service Center. *Preauthorization* requests may be submitted in one of the following ways:

- by fax, submit the form to Catamaran at 1-866-391-7222;
- by phone, contact Catamaran at 1-866-391-1164; or
- by mail, send the completed form to:

Catamaran
Prior Authorization
P. O. Box 5252
Lisle, IL 60532-5252

Prescription drugs that require *prescription drug preauthorization* will only be approved when our clinical guidelines are met. The guidelines are based upon clinically appropriate criteria that ensure that the prescription drug is appropriate and cost-effective for the illness, injury or condition for which it has been prescribed.

We will send to you written notification of the *prescription drug preauthorization* determination within two (2) business days of receipt of all medical documentation required to conduct the review, but not to exceed fourteen (14) calendar days from the receipt of the request.

Note: You may request an expedited review if the circumstances are an *emergency*. Due to the urgent nature of an expedited review, your prescribing *provider* must call 1-866-391-1164 or fax the completed form to 1-866-391-7222 and indicate the urgent nature of the request. If an expedited *preauthorization* review is received by us, we will respond to you with a determination within seventy-two (72) hours or in less than seventy-two (72) hours (taking into consideration medical exigencies) following receipt of the request.

If you have not obtained *prescription drug preauthorization* before you pick up the prescription drug from the pharmacy for the first time, you can ask us to consider reimbursement later. To do this, you must follow the *prescription drug preauthorization* process described above and submit your request for review, along with a copy of your receipt, within fifteen (15) days of picking up the prescription. If our clinical guidelines are met for the prescription drug, we will approve your *claim* to be reimbursed retroactively less the applicable *copayment* or *deductible (if any).* If our clinical guidelines are not met for the prescription drug, you will be responsible for the cost of the prescription drug. If you are not satisfied with the *prescription drug preauthorization* determination, you can submit a Medical Appeal. See Section 7.3 for information on how to file a Medical Appeal.

To obtain a list of the *specialty prescription drugs* that require *prescription drug preauthorization*, visit our Web site at BCBSRI.com or call our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

How to Obtain Dose Optimization
Dose optimization is the most effective dose and measured quantity of a generic, preferred brand name, and non-preferred brand name prescription drug to be taken at one time. Under this *agreement*, certain generic, preferred brand name, and non-preferred brand name prescription drugs may NOT be covered if you are taking multiple daily doses of a prescription drug that is available to be taken once per day at a higher dose. To obtain a list of the prescription drugs subject to dose optimization, visit our Web Site at BCBSRI.com. Or, you may call our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

When dose optimization applies, the *network pharmacy* will consult with your prescribing *provider* and with the prescribing *provider's* approval, the single daily dose of the prescription drug will be dispensed. If you choose to buy the multiple daily dose of the lower strength prescription drug, it will NOT be covered under this *agreement.*

If your prescribing *provider* deems it *medically necessary* that you continue to take multiple daily doses of a lower strength generic, preferred brand name, or non-preferred brand name prescription drug, *prescription drug preauthorization* is required and must be obtained before we provide coverage. To request *prescription drug preauthorization,* the prescribing *provider* must complete and submit a dose optimization authorization form. Coverage for multiple daily doses of a lower strength generic, preferred brand name, or non-preferred brand name prescription drug will only be approved when the dose optimization guidelines are met.

The prescribing *provider* may obtain a form by visiting our Web site at BCBSRI.com or calling the Physician and Provider Service Center. Requests may be submitted in one of the following ways:

- By fax: submit the form to Catamaran at 1-866-391-7222;
- By phone: contact Catamaran at 1-866-391-1164;
- By mail: send the completed form to:

Catamaran
Prior Authorization
P. O. Box 5252
Lisle, IL 60532-5252

We will send to you written notification of the determination within two (2) business days of receipt of all medical documentation required to conduct the review, but not to exceed fourteen (14) calendar days from the receipt of the request.

Note: You may request an expedited review if the circumstances are an *emergency*. Due to the urgent nature of an expedited review, your prescribing *provider* must call 1-866-391-1164 or fax the completed form to 1-866-391-7222 and indicate the urgent nature of the request. If an expedited dose optimization review is received by us, we will respond to you with a determination within seventy-two (72) hours or in less than seventy-two (72) hours (taking into consideration medical exigencies) following receipt of the request.

If you have not obtained *prescription drug preauthorization* by submitting a dose optimization authorization form before you pick up the prescription drug from the pharmacy for the first time, you can ask us to consider reimbursement later. To do this, you must follow the *prescription drug preauthorization* process described above and submit your request for review, along with a copy of your receipt, within fifteen (15) days of picking up the prescription. If our clinical guidelines are met for the prescription drug, we will approve your *claim* to be reimbursed retroactively less the applicable *copayment* or *deductible (if any)*. If our clinical

guidelines are not met for the prescription drug, you will be responsible for the cost of the prescription drug. If you are not satisfied with the *prescription drug preauthorization* determination, you can submit a Medical Appeal. See Section 7.3 for information on how to file a Medical Appeal.

Formulary Exception Process

We have a *formulary* exception process that allows you to request coverage for a prescription drug that is not in our *formulary*. This process is available when (i) the requested prescription drug is NOT a generic equivalent of a *formulary* drug and your *doctor* determines that a *formulary* drug is not effective for you; or (ii) the requested non-formulary prescription drug has a generic equivalent and you have a clinical reason why you are unable to take the generic prescription drug (such as, you have had an adverse reaction to the generic medication). The process for obtaining an exception is described below.

For a *formulary* exception where the requested prescription drug is NOT a generic equivalent of a *formulary* drug the prescribing *provider* may obtain a Medical Exception Form by visiting our Web site at BCBSRI.com or calling the Physician and Provider Service Center. Requests may be submitted in one of the following ways:

- by fax: submit the form to Catamaran at 1-866-391-7222;
- by phone: contact Catamaran at 1-866-391-1164; or
- by mail: send the completed form to:

Catamaran
Prior Authorization
P. O. Box 5252
Lisle, IL 60532-5252

For a *formulary* exception where the requested prescription drug has a generic equivalent, you or your prescribing *provider* submits a Formulary Exception Request form to our Grievance and Appeal Unit (GAU). The form will request medical information describing the clinical reason why you are unable to be treated with the generic medication. This form may be obtained from GAU. The GAU may be reached by phone at 401-459-5784.

The completed Formulary Exception Request form is mailed to:

We review medical necessity in accordance with our medical policies and related guidelines. You have the right to appeal our determination or to take legal action as described in Section 7.0.

We may deny payments if a *doctor* or *hospital* does not supply medical records needed to determine medical necessity. We may also deny or reduce payment if the records sent to us do not provide adequate justification for performing the service.

5.0 HOW YOUR COVERED HEALTH CARE SERVICES ARE PAID

This *agreement* uses Preferred Blue, which is the *BlueCard* network. With a Preferred Provider Organization, *network providers* enter into a contract with us or an out of state Blue Cross and Blue Shield *plan* and agree to provide *covered health care services* to our *members*. *Network providers* accept our *allowance* as payment in full, less any *copayment* or *deductible (if any)*.

Payments made to Rhode Island *providers* are based on our *allowance*. Payments made to *providers* located in other states are based on the *BlueCard* programs. *Network* and *non-network provider* payment information is explained in Section 5.1, 5.2, and 5.3 below.

Our payments to you or the *provider* fulfill our responsibility under this *agreement.* Your *benefits* are personal to you and cannot be assigned, in whole or in part, to another person or organization.

Network providers file *claims* for you and must do so within one hundred and eighty (180) days of providing a *covered health care service* to you.

Non-network providers may or may not file *claims* for you. If the *non-network provider* does not file the *claim* on your behalf, you will need to file the *claim* yourself. To file a *claim*, please send us an itemized bill including the following:

- patient's name;
- your *member* identification number;
- the name, address, and telephone number of the *provider* who performed the service;
- date and description of the service; and
- *charge* for that service.

You must file all *claims* within one *calendar year* of the date you receive a *covered health care service*. *Member* submitted *claims* that arrive after this deadline are invalid unless:

- it was not reasonably possible for you to file your *claim* prior to the filing deadline; and
- you file your *claim* as soon as possible but no later than ninety (90) calendar days after the filing deadline elapses (unless you are legally incapable).

Please mail medical *claims* to:

Blue Cross & Blue Shield of Rhode Island
Attention: Claims Department

Providence, RI 02903

5.1 How Network providers Are Paid

We pay *network providers* directly for *covered health care services*. You are responsible for *copayments, deductibles (if any)*, and the difference between the *maximum benefit* and our *allowance*, if any, which may apply to a *covered health care service*. *Network providers* agree not to bill, charge, collect a deposit from, or in any way seek reimbursement from you for a *covered health care service*, except for the *copayments*, *deductibles (if any),* and the difference between the *maximum benefit* and our *allowance*, if any, which may apply to a *covered health care service.*

It is your obligation to pay a *network provider* your *copayment, deductible (if any),* and the difference between the *maximum benefit* and our *allowance*. If you do not pay the *network provider*, the *provider* may decline to provide current or future services to you. The *provider* may pursue payment from you. See Section 1.12 – Your Responsibility to Pay Your Providers for more information.

Not all of the individual *providers* at a *network* facility will be *network providers*. It is your responsibility to make sure that each *provider* from whom you receive care is in the *network*. However, if you receive certain types of services at a *network* facility, and there are *covered health care services* provided with those services by a *non-network provider* outside of your control, you will be reimbursed for such *covered health care services* based upon our *allowance* at the *network* level of *benefits*. The types of services this applies to are:

- *inpatient* admissions at a *network* facility under the direction of a *network* physician;
- *outpatient* services performed at a *network* facility by a *network* physician; and
- emergency room services at a *network* facility.

5.2 How Non-Network providers Are Paid

If you receive care from a *non-network provider*, you are responsible for paying all *charges* from a *non-network provider.* You are liable for the difference between the amount that the *non-network* health care *provider* bills and the payment we make for *covered health care services*. Generally, we send reimbursement to you; but, we do reserve the right to reimburse a *non-network provider* directly.

We reimburse you or a *non-network provider* up to the *maximum benefit* or our *allowance*, less any *copayments* and *deductibles (if any)*, which may apply to a *covered health care service.* We reimburse *non-network provider* services using the same guidelines we use to pay *network providers*.

Generally, our payment for *non-network provider* services will not be more than the amount we pay for *network provider* services. Payments we make to you are personal. You cannot transfer or assign any of your right to receive payments under this *agreement* to another person or organization, unless the Rhode Island General Law §27-20-49 (Dental Insurance assignment of benefits) applies.

5.3 Coverage for Services Provided Outside of the Service Area (*BlueCard*)

Out-of-Area Services

BCBSRI has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services outside of BCBSRI service area, the *claims* for these services may be processed through one of these Inter-Plan Programs, which include the *BlueCard* Program and may include negotiated National Account arrangements available between us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside BCBSRI service area, you will obtain care from healthcare *providers* that have a contractual agreement (i.e. are "participating *providers*") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, you may obtain care from nonparticipating healthcare *providers*. BCBSRI payment practices in both instances are described below.

A. BlueCard Program

Under the *BlueCard* Program, when you access covered healthcare services within the geographic area served by a Host Blue, BCBSRI will remain responsible for fulfilling BCBSRI contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare *providers*.

Whenever you access covered healthcare services outside BCBSRI's service area and the *claim* is processed through the *BlueCard* Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered *charges* for your covered services; or
- The negotiated price that the Host Blue makes available to BCBSRI.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare *provider*. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare *provider* or *provider* group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare *providers* after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price BCBSRI uses for your *claim* because they will not be applied retroactively to *claims* already paid.

Federal law or laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Non-Participating Healthcare Providers Outside BCBSRI Service Area

1. Subscriber Liability Calculation

When covered healthcare services are provided outside of BCBSRI service area by non-participating healthcare *providers*, the amount you pay for such services will generally be based on either the Host Blue's non-participating healthcare *provider* local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating healthcare *provider* bills and the payment BCBSRI will make for the covered services as set forth in this paragraph.

2. Exceptions

In certain situations, BCBSRI may use other payment bases, such as billed covered *charges*, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount BCBSRI will pay for services rendered by non-participating healthcare *providers*. In these situations, you may be liable for the difference between the amount that the non-participating healthcare *provider* bills and the payment BCBSRI will make for the covered services as set forth in this paragraph.

6.0 HOW WE COORDINATE YOUR BENEFITS WHEN YOU ARE COVERED BY MORE THAN ONE PLAN

Introduction

This Coordination of Benefits ("COB") provision applies when you or your covered dependents have health care *benefits* under more than one *plan*.

We follow the COB rules of payment issued by the National Association of Insurance Commissioners (NAIC). The COB rules have been adopted by the Rhode Island Office of the Health Insurance Commissioner (OHIC). From time to time these rules may change before we issue a revised *subscriber agreement.* We use the COB regulations in effect at the time of coordination to determine *benefits* available to you under this *agreement*.

If this provision applies, the order of benefit determination rules as stated in this section will determine whether we pay *benefits* before or after the *benefits* of another *plan*.

6.1 Definitions

The following definitions apply to Section 6:

ALLOWABLE EXPENSE means the necessary, reasonable and customary item of expense for health care, which is:

- covered at least in part under one or more *plans* covering the person for whom the *claim* is made; and
- incurred while this *agreement* is in force.

When a *plan* provides health care *benefits* in the form of services, the reasonable cash value of each service is considered as both an *allowable expense* and a benefit paid.

BENEFITS means any treatment, facility, equipment, drug, device, supply or service for which you receive reimbursement under a *plan*.

CLAIM means a request that *benefits* of a *plan* be provided or paid.

PLAN means any health care insurance benefit package provided by an organization as defined in Section 8.0 - Glossary.

PRIMARY PLAN means a *plan* whose *benefits* for a person's health care coverage must be determined without taking the existence of any other *plan* into consideration.

SECONDARY PLAN means a *plan* that is not a *primary plan*.

6.2 When You Have More Than One Agreement with Blue Cross & Blue Shield of Rhode Island

If you are covered under more than one *agreement* with us, you are entitled to covered *benefits* under both *agreements*. If one *agreement* has a *benefit* that the other(s) does not, you are entitled to coverage under the *agreement* that has the benefit. The total payments you receive will never be more than the total cost for the services you receive.

6.3 When You Are Covered By More Than One Insurer

Covered *benefits* provided under any other *plan* will always be paid before the *benefits* under our *plan* if that insurer does not use a similar coordination of benefits rule to determine coverage. The *plan* without the coordination of benefits provision will always be the *primary plan*.

Benefits under another *plan* include all *benefits* that would be paid if *claims* had been submitted for them.

If you are covered by more than one *plan* and both insurers use similar coordination of *benefits* rules to determine coverage, we use the following conditions to determine which *plan* covers you first:

- whether you are the main *subscriber* or a dependent;
- if married, whether you or your spouse was born earlier in the year; or
- length of time each spouse has been covered.

(1.) Non-Dependent/Dependent - If you are covered under a *plan* and you are the main *subscriber*, the *benefits* of that *plan* will be determined before the *benefits* of a *plan* that covers you as a dependent.

If, however, you are a Medicare beneficiary, Medicare will be the *primary plan*. Medicare will provide the *benefits* first.

If one of your dependents covered under this *agreement* is a student, the *benefits* of any other coverage available because of student enrollment (except accident-only type coverage) will be determined before the *benefits* under this *agreement.*

(2.) Dependent Child/Parents Not Separated or Divorced - If dependent children are covered under separate *plans* of more than one person (i.e. "parents" or individuals acting as "parents"), the *benefits* of the *plan* covering the parent born earlier in the year will be determined before those of the parent whose birthday falls later in the year. If both parents have the same birthday, the *benefits* of the *plan* that covered the parent longer are determined before those of the *plan*, which covered the other parent for a shorter period of time. The term "birthday" only refers to the month and day in a calendar year, not the year in which the person was born. If the other *plan* does not determine *benefits* according to the parents' birth dates, but by parents' gender instead, the other *plan's* gender rule will determine the order of *benefits*.

(3.) Dependent Child/Parents Separated or Divorced - If two or more *plans* cover a person as a dependent child of divorced or separated parents, the *plan* responsible to cover *benefits* for the child will be determined in the following order:

- first, the *plan* of the parent with custody of the child;

- then, the *plan* of the spouse of the parent with custody of the child; and
- finally, the *plan* of the parent not having custody of the child.

If the terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the parent's *benefits* under that parent's *plan* has actual knowledge of those terms, the *benefits* of that *plan* are determined first and the *benefits* of the *plan* of the other parent are the *secondary plan*.

If the terms of a court decree state that the parents share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the *plans* covering the child will follow the order of benefit determination rules outlined in Section 6.3 (2) above.

(4.) Active/Inactive Employee - If you are covered under another health *plan* as an employee (not laid off or retired), your *benefits* and those of your dependents under that *plan* will be determined before *benefits* under this *plan*.

(5.) Longer/Shorter Length of Coverage - If none of the above rules determine the order of *benefits*, the *benefits* of the *plan* that covered a *member* or *subscriber* longer are determined before those of the *plan* that covered that person for the shorter term.

In general, if you use more *benefits* than you are covered for during a benefit period, the following formula is used to determine coverage:

The insurer covering you first will cover you up to its *allowance*. Then, the other insurer will cover any allowable *benefits* you use over that amount. It will never be more than the total amount of coverage that would have been provided if *benefits* were not coordinated.

Maximum benefits paid by first insurer
\+ Any remaining *allowable expense* paid by other insurer

Total Benefits Payable

6.4 Our Right to Make Payments and Recover Overpayments

If payments which should have been made by us according to this provision have actually been made by another organization, we have the right to pay those organizations the amounts we decide are necessary to satisfy the rules of this provision. These amounts are considered *benefits* provided under this *agreement* and we are not liable for them.

If we have made payments for *allowable expenses* which are more than the maximum amount needed to satisfy the conditions of this provision, we have the right to recover the excess amounts from: the person to or for whom the payments were made; any

other insurers; and/or any other organizations (as we decide). As the *subscriber*, you agree to pay back any excess amount, provide information and assistance, or do whatever is necessary to recover this excess amount. When determining the amount of payments made we include the reasonable cash value of any *benefits* provided in the form of services.

7.0 ADVERSE BENEFIT DETERMINATIONS AND APPEALS

- Reduction of a benefit;
- Termination of a benefit;

- Denial, reduction, termination, or failure to make a payment based on the imposition of a preexisting condition exclusion, a source of injury exclusion, or other limitation on covered *benefits*; and
- Rescission of coverage, even if there is no adverse effect on any benefit.

An **Administrative Appeal** is a verbal or written request for us to reconsider a full or partial denial of payment for services that were denied because:

- the services were excluded from coverage;
- we failed to make payment (in whole or part) for a service;
- we determined that you were not initially eligible for coverage;
- we determined that you were not eligible for coverage (for example, a *rescission* of coverage occurred);

7.3 Medical Appeal Procedures

A **Medical Appeal** is a verbal or written request for us to reconsider a full or partial denial of payment for services that were denied because we determined one of the following:
- The services were not *medically necessary*; or
- The services are *experimental* or *investigational*.

If we deny payment for a service for medical reasons, you will receive the denial in writing.

The written denial you receive will:
- explain the reason for the denial;
- explain the clinical criteria that was used to make the determination;
- provide specific instruction for obtaining the clinical criteria for the denial; and
- provide specific instructions for filing a *medical appeal***.**

To file a *medical appeal* verbally, you may call our Customer Service Department.

You may also file a *medical appeal* in writing by providing the following information:
- name, address, and *member* ID number;
- summary of the medical appeal, any previous contact with BCBSRI;
- a brief description of the relief or solution you are seeking;
- any more information such as referral forms, *claims,* or any other documentation that you would like us to review;

- the date of service; and
- your signature.

If someone is filing a *medical appeal* on your behalf, you must send us a notice with your signature, authorizing the individual to represent you in this matter.

Written *medical appeals* should be sent to:

Blue Cross & Blue Shield of Rhode Island
Attention: Grievance and Appeals Unit
500 Exchange Street
Providence, Rhode Island 02903

Your *doctor* may also file a *medical appeal* on your behalf. Your *doctor* can contact the Physician and Provider Service Center to start the medical appeal.

Within ten (10) business days of receipt of a written or verbal *medical appeal*, the Grievance and Appeals Unit will mail or call you to phone acknowledge of our receipt of the *medical appeal*.

You are entitled to the following level of review when seeking a *medical appeal.*

Appeal level
You may file a *medical appeal* by making a request for such review to us within one hundred and eighty (180) calendar days of the initial determination letter. You may do so by calling our Customer Service Department, but we strongly suggest that you submit your request in writing to ensure your request is accurately reflected. At any time during the appeal, you may supply additional information by mailing it to the address listed above. You may request copies of information relevant to your appeal (free of charge) by contacting our Grievance and Appeal Unit.

For pre-service (before services are rendered) or concurrent (during a patient's *hospital* stay or course of treatment) appeals, you will receive written notification of the determination within fifteen (15) calendar days of receipt of the appeal. If you are requesting reconsideration of a service that was denied after you already obtained the service (retrospectively), then you will receive written notification of our determination within fifteen (15) business days of our receipt of the appeal.

Expedited (Urgent) Review
You may ask for an expedited (urgent) appeal if:

- an urgent *preauthorization* request for health care services has been denied (see Section 1.6 – Preauthorization for additional information about urgent *preauthorization* requests);

- the circumstances are an *emergency*; or
- you are in an *inpatient* setting.

A review is considered emergent or urgent if, in the opinion of an individual applying the judgment of a prudent layperson possessing an average knowledge of health and medicine, applying time periods for making a non-urgent appeal determination could seriously jeopardize your life or your health or your ability to regain maximum function. Likewise, a review is considered emergent or urgent if, in the opinion of a physician with knowledge of your health condition, applying time periods for making a non-urgent *claim* determination would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal.

To request you or your physician or *provider* must call the Grievance and Appeals Unit at (401) 459-5000 or 1-800-639-2227 or fax your request to (401) 459-5005.

An expedited appeal determination for services that have not yet been rendered (a pre-service review) will be made not later than seventy-two (72) hours or in less than seventy-two (72) hours (taking into consideration medical exigencies) from the receipt of the request.

Services that have already been rendered (*retrospective review*) are not eligible for expedited (urgent) review.

External Appeal

If you remain dissatisfied with our appeal determination, you may request an external review by an outside review agency for any *claim* amount. There is no minimum dollar amount that a *claim* must be in order to file an external appeal.

To request an external review you must submit your request in writing to us within four (4) months of your receipt of the determination. We will forward your request to the outside review agency within five (5) business days, or within two (2) business days for an expedited external appeal.

We may charge you a filing fee up to $25.00 per external appeal, not to exceed $75.00 per *plan year.* We will refund you if the denial is reversed and will waive the fee if it imposes an undue hardship on you.

For all non-emergency appeals, the outside review agency will notify you of its determination within ten (10) business days of the agency’s receipt of the information.

For all urgent external appeals, the outside review agency will notify you of its determination within two (2) business days.

The determination by the outside review agency is binding upon us.

This External Appeal is voluntary. This means you may choose to participate in this level of appeal or you may file suit in an appropriate court of law (Please see Legal Action, below).

7.4 Legal Action

If you are dissatisfied with the decision on your *claim*, and have complied with applicable state and federal law, you are entitled to seek judicial review. This review will take place in an appropriate court of law.

Note: *Once a member or provider receives a decision at one of the several levels of appeal (Level 1, Level 2, External, and Legal Action), the member or provider may not ask for an appeal at the same level again, unless additional information that could impact such decisions can be provided.*

Under state law, you may not begin court proceedings prior to the expiration of sixty (60) days after the date you filed your *claim*. In no event may legal action be taken against us later than three (3) years from the date you were required to file the *claim* (see Section 6.0).

7.5 Grievances Unrelated to Claims

We encourage you to discuss any *complaint* that you may have about any aspect of your medical treatment with the health care *provider* that furnished the care. In most cases, issues can be more easily resolved when they are raised when they occur. If, however, you remain dissatisfied or prefer not to take up the issue with your *provider*, you may access our *complaint* and grievance procedures.

You may also access our *complaint* and grievance procedures if you have a *complaint* about our service or about one of our employees. In order to start a grievance, please call our Customer Service Department. The Customer Service Department will log in your call and begin working towards the resolution of your *complaint*.

The grievance procedures described in this section do not apply to medical necessity determinations (see Section 7.3), *complaints* about payments (see Section 7.2), *claims* of medical malpractice or to allegations that we are liable for the professional negligence of any *doctor*, *hospital*, health care facility or other health care *provider* furnishing services under this *agreement.*

7.6 Our Right to Withhold Payments

We have the right to withhold payment during the period of investigation on any *claim* we receive that we have reason to believe might not be eligible for coverage. We will also conduct pre-payment review on a *claim* we have reason to believe has been submitted for a service not covered under this *agreement.* We will make a final decision on these *claims* within sixty (60) days after the date you filed said *claim*.

We also have the right to perform post-payment reviews of *claims*. If we determine misrepresentation was used when you filed the *claim*, or if we determine that a *claim* should not have been paid for any reason, we may take all necessary steps (including legal action) to recover funds paid to you or to a *provider*.

7.7 Our Right of Subrogation and/or Reimbursement

Definitions

SUBROGATION means we can use your right to recover money from a third party that caused you to be hurt or sick. We may also recover from any insurance company (including uninsured and underinsured motorist clauses and no-fault insurance) or other party.

REIMBURSEMENT means our right to be paid back any payments, awards or settlements that you receive from a third party. We can collect up to the amount of any benefit or any payment we made.

Subrogation

We may recover money from a third party that causes you to be hurt or sick. If that party has insurance, we may recover money from the insurance company. Our recovery will be based on the *benefit* or payment we made under this *agreement.* For example, if you are hurt in a car accident and we pay for your *hospital* stay, we can collect the amount we paid for your *hospital* stay from the auto insurer. If you do not try to collect money from the third party who caused you to be hurt or sick, you agree that we can. We may do so on your behalf or in your name. Our right to be paid will take priority over any *claim* for money by a third party. This is true even if you have a *claim* for punitive or compensatory damages.

Reimbursement

If we give you *benefits* or make payment for services under this *agreement* and you get money from a third party for those services, you must pay us back. This is true even if you receive the money after a settlement or a judgment. For example, if your auto insurance pays for your emergency room visit after a car accident, you must reimburse us for any *benefit* payment that we made.

We can collect the money no matter where it is or how it is designated. You must pay us back even if you do not get back the total amount of your *claim* against the third party. We can collect the money you receive even if it is described as a payment for something other than health care expenses. We may offset future payments under this *agreement* until we have been paid an amount equal to what you were paid by a third party. If we must pay legal fees in order to recover money from you, we can recover these costs from you. Also, the amount that you must pay us cannot be reduced by any legal costs that you have.

If you receive money in a settlement or a judgment and do not agree with our right to *reimbursement*, you must keep an amount equal to our *claim* in a separate account until the dispute is resolved. If a court orders that money be paid to you or any third party before your lawsuit is resolved, you must tell us quickly so we can respond in court.

Member Cooperation

You must give us information and help us. This means you must complete and sign all necessary documents to help us get money back. You must tell us in a timely manner about the progress of your *claim* with a third party. This includes filing a *claim* or lawsuit, beginning settlement discussions, or agreeing to a settlement in principle, etc. It also means that you must give us timely notice before you settle any *claim*. You must not do anything that might limit our rights under this section. We may take any action necessary to protect our right of *subrogation* and/or *reimbursement*.

See the Summary of Benefits for your *benefit year deductible (if any)* amount(s) and *benefit limits*.

DEVELOPMENTAL SERVICES means therapies, typically provided by a qualified professional using a treatment plan, that are intended to lessen deficiencies in normal age appropriate function. The therapies generally are meant to limit deficiencies related to injury or disease that have been present since birth. - the most appropriate in terms of type, amount, frequency, setting, duration, supplies or level of service, which can safely be provided to the member (i.e. no less expensive professionally acceptable alternative, is available).

We will make a determination whether a health care service is *medically necessary.* You have the right to appeal our determination or to take legal action as described in Section 7.0. We review medical necessity on a case-by-case basis.

The *preauthorization* process varies depending on whether the service is a medical procedure or a prescription drug. *Preauthorization* is not a guarantee of payment, as the process does not take *benefit limits* into account.

Preauthorization is the approval that we advise you to seek before receiving certain *covered health care services.* Selected Prescription drugs bought at a pharmacy require *prescription drug preauthorization*. (See Section 3.27 for details.)

You are responsible for obtaining *preauthorization* when the *provider* is *non-network* or for non-*inpatient* facility services rendered by a *BlueCard provider* or facility. If you do not obtain *preauthorization* and the services are determined to be not *medically necessary* or the setting in which the services were received is determined to be inappropriate, we will not cover these services/facilities and you will be responsible for the cost of these services. You have the right to appeal our determination or to take legal action as described in Section 7.0.
