Blue Cro	ss and Blue Shield of Rhode Island Preventive Services for Comm	uercial Members January 2016
Note: See separate policy for Preventive		
Coverage for newly recommended preven	ntive health services is made no later than one year after the release	e date of the recommendation.
Although many USPSTF recommendatio	ns are gender specific, BCBSRI does not limit coverage for gender	r specific services that are medically appropriate.
* denotes an updated recommendation	**denotes a new recommendation	
Abdominal Aortic Aneurysm Screening:	men USPSTF Grade: B (June 2014)*	
	or abdominal aortic aneurysm by ultrasonography in men ages 65	
to 75 years who have ever smoked.		
Health Service Code(s)	Diagnosis Code(s)	Frequency
